

Only Compromise Can End Deadlock of U.S. Democrats

GANDHI ADMITS DEFEAT IN CONGRESS

Resolutions Not Accepted by
Swarajists at All-India
Party Meeting

He May Continue His Efforts
Through the Agency of
New Party

London, July 4. (Canadian Press Cable)—It is reported, according to the Bombay correspondent of The London Daily News, that Mahatma Gandhi, Non-co-operationist leader in India, may sever his connection with the All-India Congress, which was organized to further nationalist sentiment, and continue his work through the agency of another body.

The correspondent sends details of the recent congress at which Gandhi, who had been taking a leading part in the proceedings, was compelled to change resolutions he had moved to suit the Swarajists or radical home rule party.

ALL WEPT
Addressing his followers later Gandhi wept and the whole meeting cried with him. One of his lieutenants placed his head at Gandhi's feet, whereupon the latter confessed himself defeated and humbled.

UNREST CONTINUES
A memorandum signed by the members of a deputation from the National Convention, India, and other prominent Indians now in England, declared that the present unrest in India would continue until dominion home rule should be established. "We claim," it stated, "that India should draft her own constitution as the present Dominions and the Irish Free State have done. We urge this in order that the sad story of Britain and the American colonies in the Eighteenth Century and of Britain and Ireland in the Nineteenth Century may not be repeated and the constitutional party destroyed as in the latter case and the people driven to despair. We trust that in the twentieth century a peaceful solution will be found and British India united in an indissoluble friendship."

SIR W. MAXWELL ON VISIT HERE

Famous War Correspondent
Is Now Engaged in Business

Has Been With the Makers of
History For a Generation.

Sir William Maxwell, famous war correspondent, and now engaged in business as a director of a number of companies, came over from the Mainland to-day to lunch with Lieut.-Governor Nichol, whom he met recently when crossing the Atlantic.

Sir William is in Canada at the present time in the interests of the International Paint and Compositions Company and to inspect the Bingu mine in Northern Manitoba. The international company has been an exporter of paint to Canada for some years, but it will now manufacture in this country and a federal charter for the International Paint (Canada) Company has been secured for that purpose. Laird Gordon of Vancouver has been appointed managing director. The parent company has a number of auxiliary incorporations in various parts of the world.

With Sir William is Captain Sherburn, co-director of the Bingu mine, a very promising concern controlled by British capitalists in the Le Pas district of Manitoba. Sir William states the mine is a very promising one with better showings at this stage of its development than the famous Hollinger mine had at a similar period of its history. On the train to the mine the visitors found a typical frontier crowd, prospectors pushing into the country from all parts of the continent. They came away from the property greatly pleased with their inspection.

REMARKABLE CAREER

The career of Sir William Maxwell as a war correspondent and (Continued on page 2)

MAY FORM A NEW INDIAN-NATIONALIST PARTY; M. GANDHI

DR. TOLMIE REFUSES TO BE B.C. LEADER; CONSERVATIVE PARTY IN GREAT CONFUSION

British Columbia Conservatives' hopes of solving their present difficulties by making Hon. S. F. Tolmie leader of their party in this Province were shattered to-day when Dr. Tolmie announced definitely at Ottawa that he would not enter provincial politics, under any consideration.

Dr. Tolmie's statement, which has caused consternation in the camp of British Columbia Conservatives, followed lengthy conferences with Colonel Cyrus Peck, Conservative Member-elect for the Islands, who went to Ottawa as representative of the Conservative Party in an attempt to bring Dr. Tolmie West. How hopelessly Colonel Peck's secret mission failed was indicated by Dr. Tolmie's statement to newspaper correspondents this afternoon as follows:

"If I had intended to enter the Provincial field, the time to have taken that step was before the election, and I should have entered the fight. It would look too much like searching around for the longest grass if I went out there now when success is within easy reach."

It is understood that leaders of the Conservative Party at Ottawa brought all their influence to bear upon Dr. Tolmie to keep him from launching into Provincial politics at this time. Dr. Tolmie's colleagues do not want to lose his services as a Dominion organizer and they are doubtful also about the expediency of opening a Federal seat under present conditions. Dr. Tolmie's decision left British Columbia Conservatives in hopeless confusion to-day. With Hon. H. H. Stevens eliminated from the leadership by the revelation of his secret pact with the Provincial Party at the last election, the Conservatives are left with no one beside W. J. Bowser remains. Mr. Bowser, it was learned to-day, has agreed definitely to retire, and the thought that the Party may decide to recall him now that the other two prominent Conservatives in this Province have been eliminated, is a serious contender for the leadership. (Continued on page 2)

WANT CITY TO PAY THE TAXES

Mayor Declines Without
Council Authority to Sign
Cheque

Mayor Hayward will refer to the City Council on Monday a question which has arisen at the City Hall, suggesting breach of the agreement between the council and the directors of the B.C. Agricultural Association for the lease of the Willows Park.

Under the terms of the two-year lease entered into last December, the directors were to pay the taxes to Oak Bay. Other undertakings included provision for improvements at the park in anticipation of the forthcoming exhibition. The president and secretary of the association wrote to His Worship pointing out the pressure on their finances to carry out the improvements in hand. Since that time there has been a request verbally made to him to sign the cheque for the taxes due to Oak Bay, which taxes must be met to evade the penalty, namely by next Monday.

Two Jugo-Slavs Killed by Italian Frontier Guards

Belgrade, July 4.—An incident is reported from the Italo-Jugo-Slav frontier in which two Jugo-Slav custom officers were killed. The version of the incident received here says the customs men, while patrolling, met three Italian frontier guards, who summoned them to halt. When the customs men pointed out they were on the Jugo-Slav territory, according to this account, the Italians opened fire, killing them and wounding a civilian.

5,000 on Strike in City of New York

New York, July 4.—Five thousand members of the United Cloth, Hat and Cap Makers' Union are on strike here demanding certain technical changes which would strengthen their contract with the employers. No demand is being made for shorter hours or more pay.

HOLIDAY TRAVEL BEGINS TO MOVE

Inquiries Are as Numerous as
Twelve Months Ago

June Proved an Exceptional
Season

The inquiries for reservations at the local hotels are equal to those of twelve months ago, when the city had one of the most remarkable seasons for many years. This statement is made after careful canvass of the chief hotels, whose management base observation of the season's trade on the preliminary inquiries from tourist and travel bureaux, and from private reservations. Their general impression is that the month of June would not have equalled 1923 if it were not for the race meeting and the visit of the British Special Service Squadron, both of which brought large parties to the city in the second half of the month.

The convention season is promising for August, but will apparently not be so busy this month as was the case in July, 1923, although there is a large party coming here next week for a theological gathering. The reservations of travel bureaux are coming in well. Only one large agency has cancelled its bookings, so that there is every reason to expect that the organized parties will sustain the high level of last Summer. These parties are largely dependent on the travel to the mountains, and whether the recent fire at the Chateau at Lake Louise will lead to the cancelling of reservations is not yet known, because in reflex action it could result in loss of transient business here.

The private inquiries for hotel accommodation are good, and many prominent people are expected to be through this territory during the next two months.

The Pacific Northwest is fighting greater competition this year for business originating on the Atlantic seaboard. This is due not only owing to the Old Country attractions for the British Empire Exhibition, but to special domestic efforts of the publicity organizations working for Florida resorts, the Adirondacks, the Berkshire Hills, and the Lake St. John area of Quebec province are all bidding for the most desirable class of tourists.

From California the inquiries are encouraging. Several of the high grade hotels have had their representatives on Vancouver Island during the past six months examining the charms of the island, and it may be assumed as a consequence that they will be kindly disposed to this section in routing northbound tourists, most of whom are "swinging round the circle" to their homes in the East.

ITALIANS ATTEMPT NORTH POLE FLIGHT

Aeroplanes Will Start About
July 20, Say Leaders of
Expedition

Rome, July 4.—General Pierre Rugiero Piccio, head of the Italian air service; Major Mercanti, Vice-commissioner of the Italian air force, have decided to organize an aeroplane expedition to the North Pole under Locatelli's direction. The expedition, which is being launched in public, was opened yesterday by three medals of gold medals for valor, will leave about July 20, the present plans provide.

Locatelli, who is a gold medalist, was to have piloted the Amundsen North Pole aeroplane expedition, which was recently postponed because of lack of funds.

BERMUDA GOVERNOR COMING TO ISLAND

Lieut.-General Sir J. J. Asser
Will be Visitor in August

Sir Joseph John Asser, Governor of the Bermudas, will come to Vancouver Island next month in order to fish at Campbell River.

This information has been received from the insular capital in connection with the mapping of an itinerary which is to bring his excellency from Vancouver to Nanaimo on August 7. Lady Asser accompanies him, and they will immediately proceed to Campbell River, by way of Courtenay.

Ralston Asks His Name Be Dropped From U.S. Democratic Presidential Nomination Contest

Indianapolis, Ind., July 4.—United States Senator Samuel M. Ralston of Indiana, a candidate for the Democratic nomination for the Presidency of the United States, telegraphed Thomas Tammart in New York that he desired his name withdrawn from the contest.

In the picture above Senator Ralston is shown with Mrs. Ralston.

SMUGGLERS' COVE RENDEZVOUS RAIDED BY PROVINCIAL POLICE

Liquor Valued at \$3,500 Seized in American Speed
Craft While Companion Cruiser Escapes; Canadian
Launch, Loaded Down with Beer Released When
Found Her Papers in Order and Cargo Unbreached.

Liquor stocks valued at \$3,500 were taken by officers of the Provincial Police and customs services about 2 p.m. yesterday in a raid on Smugglers' Cove, Chatham Island group. The M 332, a speedy gasoline craft registered at Seattle was seized with two of her crew, and about sixty cases of whisky. Captain Salley and William McKee, found on the confiscated craft, were turned over to the Immigration authorities here.

The raid was headed by Constable McPhail of the Provincial Police, assisted by Constables Rogers and Philip, Cpl. Cameron of the R.C.M.P. and customs officers. Taking a launch from Cadboro Bay the police party arrived first, surprising three boats snuggled together in a bight at Smugglers' Cove.

FIRE LOSSES
Toronto, July 4.—Fire losses in Canada during the week ended July 3 are estimated by The Monetary Times at \$103,000, as against \$100,000 for the same week of last year.

New Insurance Fund for Bank Deposits in Canada Is Proposal Now Made

Ottawa, July 4.—In a report submitted to the House of Commons to-day the Banking and Commerce Committee recommended that the Government should consider the practicability of establishing in the chartered banks of Canada an additional class of savings accounts in which deposits would be protected against loss up to \$5,000 by the establishment of a fund on an insurance basis.

The premiums would be contributed by the depositors and the banks in such proportions "as may be determined."

The committee also recommends that the Government work out details and actual data at conferences with the banking institutions of Canada.

Ottawa, July 4.—By unanimous agreement a motion offered by L. J. Laidner, Conservative, Vancouver (Continued on page 2)

NEITHER M'ADOO NOR SMITH LIKELY TO BE CANDIDATE FOR PRESIDENCY OF U.S.

All But Few of Rival Leaders at Democratic Convention
in New York Admit Compromise Candidate
Must be Found; on Sixty-sixth Ballot McAdoo Had
495 Votes, Smith 338½ and Davis 74½.

New York, July 4. (Canadian Press)—The nomination of a Democratic candidate for the presidency of the United States has reached the hotel room stage. The convention having become hopelessly deadlocked, the man who will be the standard-bearer of the now disrupted party will in all likelihood be selected by a little group of leaders conferring behind the locked door of some hotel bedroom.

It has become obvious to all but a very few of the rival leaders of the deadlocked forces that neither Governor Alfred E. Smith of New York nor William G. McAdoo can be nominated.

**Cox Ready to
Withdraw From
Contest in U.S.**
It has also become obvious that the vast majority of the delegates are weary of the factional fight and would quickly put an end to it if they knew where to go. The leaders can not tell them until the Smith-McAdoo managers have been convinced their men have no chance and have been forced into line behind some compromise candidate.

ONLY A SLIM CHANCE
There remains, of course, the chance that the rank and file of the delegates may decide to disregard the "bosses" and nominate a man themselves, but those who are familiar with politics in this country declare this to be a very slim chance indeed. The deadlock has become a bitter factional fight. Between the two rival groups is an insurmountable barrier of sectional and religious prejudice which has been engendered and fanned into flames of hatred by the loosening of the long smouldering embers of the "dry" and "wet" camps. The equally fanatical "wet" and the "dry" so-called "progressive" South and West, against the "wet" conservative East and North. In the conservative East and North, the Catholic faith holds a strong position, or where that is not the case, religious prejudice is not far behind.

**CONFEREES INVITE
CANADIAN DELEGATE**
Meeting to Decide Empire
Representation at Allied
Conference

Statement by Premier King
on Reparations Discussion
in Europe

Ottawa, July 4.—Questioned in the House to-day, Premier King said the Government of Canada had not received an invitation to send a representative to the Inter-allied conference on the experts' report on German reparations. It had, however, received an invitation to be represented at a preliminary conference in London next week to decide the question of representation.

The Government was now considering whom it would ask to represent Canada at that preliminary conference.

Canadian M.P.'s Will Make Trip To South Africa

Ottawa, July 4.—The parliamentary delegation which will visit South Africa this Summer at the expense of the Canadian and South African branches of the Empire Parliamentary Association will consist of the following: Senator Sir George E. Foster, Senator Robert Watson, Senator W. R. Wilbourn, Senator J. P. Cawston, Dr. Murray MacLaren, M.P. for St. John, N.B.; J. F. Pafard, M.P. for L'Isle, Que.; E. R. Chevier, M.P. for Ottawa, and W. G. McQuarrie, M.P. for New Westminster.

Australia Has Treasury Surplus

Melbourne, July 4. (Canadian Press Cable, via Reuters).—Steady progress throughout the previous year was indicated in the annual financial statement presented to the House to-day by Dr. Earle Page, Federal Treasurer, who expressed satisfaction with the returns, which showed Australia to be in a favorable position industrially and financially. A surplus of \$2,557,000 was shown, as against a surplus of \$21,021,000 last year.

U.S. Flag Affair In City of Tokio Is Smoothed Over

Washington, July 4.—Charge Caffery at Tokio, in answer to a State Department inquiry, has been officially informed that the man who tore down the United States flag in the American Embassy compound here has been arrested and that a representative of the Tokio police department called upon Caffery July 1 and apologized on behalf of the police.

BACK TO ASYLUM
Fredericksburg, Va., July 4.—Rev. Hermon R. James, of Elizabethtown, Ont., under arrest charged with inciting high school girls, will be returned to the Canadian insane asylum where he was formerly an inmate and from which he is said to have been paroled.

**Calvin Coolidge
Fifty-Two To-day**
Washington, July 4.—President Coolidge celebrated a double birthday to-day, his fifty-second and the nation's 148th.

COAST CLIMATE DRIER, AS JAPAN CURRENT SHIFTS

Now Best All-Round Weather Area in World, Herbert Cuthbert Says

Tourist Industry "Going Stronger Despite Serious Drops in Other Lines"

Pacific Coast climate has undergone an important change, and from now on will be much drier, Herbert Cuthbert, chief of the publicity and tourist section of the Portland Chamber of Commerce, announced here today as a result of investigations he has been making and information furnished him by weather and geographic experts.

Mr. Cuthbert said that some of the shelves of the Pacific ocean were so altered by the Japanese earthquake of last fall that the course of the Japan current has been completely changed, with the result that there will be warmer weather along the whole coast from Alaska to California and less rainfall.

"This change in the climate, which was experienced for the first time last winter, will be hard on parts of California which now don't get any too much rain," Mr. Cuthbert said. "It will prove advantageous to certain parts of Washington and British Columbia which have always had an abundance of rain. Certain of the wet parts of Oregon it will make just about right, for Vancouver it will be a boon and it will make Victoria more summery than ever before."

It will make this whole Pacific Coast the largest fine weather area in the world.

Mr. Cuthbert is known as the father of the tourist industry in the Pacific Northwest. He came North with eighteen cars of Portland business men on a tour of the coast in the Dominion Day parade in Vancouver as a return compliment for Vancouver's participation in the Portland Rose Festival.

GREATEST RESOURCE

"Our greatest resource in the Pacific Northwest is the tourist business," Mr. Cuthbert said. "Some of our mills have closed down, others have curtailed in some parts of the country the fruit crops have been damaged by frosts and as a whole the returns from our natural resources are less than last year. But the tourist trade keeps up unaffected. It is the only crop that shows up well. This year from Portland north it shows an increase of forty per cent over last year. Every little town and village is benefiting from this travel this year."

Mr. Cuthbert told how business men of Portland raised \$300,000 last year for tourist advertising, and how the money is being used not to advertise Portland alone but the whole state of Oregon, as they realize that when one benefits the other does.

"As a result of this enterprise Portland is in the best shape of any city of the Pacific Northwest today," he said. "We have found out that tourists get the best class for citizens and pleasure. Oregon is out to develop the state through tourist trade."

GET ON BAND WAGON

Mr. Cuthbert told of the opportunities for British Columbia if this Province would wake up and get on the band wagon along with the States to the South.

"In Vancouver yesterday I saw pictures of the most marvelous scenery out of doors, and I remarked to the people with me, 'What a shame it is that this raw material you have here is not bringing in more money,'" Mr. Cuthbert went on. "Vancouver has as great a future as any city I know of. The trouble is I don't think their vision is quite big enough, and if it is they are too modest to tell people about it."

"Victoria's greatest asset is its natural beauty, charm of location, opportunities for recreation and enjoyment."

He went on to tell of the cases of six families which had come to his attention yesterday that are coming to live in Victoria. They are all persons of means who are retiring with incomes.

Last year Oregon had 650,000 tourists, he said. This year the figures so far indicate that the total will be between 850,000 and 1,000,000. In one automobile camp in Portland last year there were 76,000 tourists registered, and they are now running at the rate of forty per cent more this year.

Mr. Cuthbert, who was one of the first to urge ferry services to break down the isolation of this island, congratulated Victoria on the motor ferry services which have been inaugurated to Port Angeles, Bellingham, Anacortes and from Nanaimo to Vancouver during the past two years.

BUILDING TRADES STRIKE IN BRITAIN

Expected Men Throughout Country Will Stop Work To-morrow

Increased Wages and Guaranteed Work Week Are Demands Made

London, July 4. (Canadian Press Cable)—Despite the decision of the Minister of Labor to hold a court of inquiry into the cause and circumstances of the building trades dispute and also the promise of the employers conditionally to postpone the threatened lockout for a week, it appears to be practically certain that the employees will stop work to-morrow in accordance with the decision of their national dispute committee unless the employers grant an increase in the hourly wage and introduce a guaranteed work week.

The dispute affects 700,000 employees in the building trades.

LOCKOUT PLAN

Some time ago, following prolonged negotiations, an agreement was reached by representatives of both sides, but at a meeting of the employers on June 20 a decision was made to refuse all negotiations and to declare a lockout until the strikes in Liverpool and elsewhere were ended and the national agreements of their national dispute committee were accepted as a condition of the men to this move was a threat to strike without waiting for a lockout.

NEW INSURANCE FUND FOR BANK DEPOSITS IS PROPOSAL PUT FORWARD

(Continued from page 1.)

The object of the proposal, Mr. Shaw said, was to prevent a director or shareholder who had made information of the conditions of a bank from "unloading his shares on a defenceless victim."

DOUBLE LIABILITY

Mr. Shaw moved to authorize calls upon the double liability of shareholders to make up an impairment of capital before insolvency instead of only in the case of failure as at present. He proposed to give the Inspector-General of Banks discretionary powers to make the call.

He admitted that the double liability was paid in full, the shareholders would not be subject to a further payment in case of insolvency.

SIR W. MAXWELL IS ON VISIT HERE

(Continued from page 1.)

Special writer reads like a romance, for he was "in everything" where danger, adventure, or excitement thrived from the Sudan until the end of the Great War. Like many of the distinguished war correspondents, he holds several decorations for foreign governments for his services and the World War.

GET ON BAND WAGON

Mr. Cuthbert told of the opportunities for British Columbia if this Province would wake up and get on the band wagon along with the States to the South.

"In Vancouver yesterday I saw pictures of the most marvelous scenery out of doors, and I remarked to the people with me, 'What a shame it is that this raw material you have here is not bringing in more money,'" Mr. Cuthbert went on. "Vancouver has as great a future as any city I know of. The trouble is I don't think their vision is quite big enough, and if it is they are too modest to tell people about it."

"Victoria's greatest asset is its natural beauty, charm of location, opportunities for recreation and enjoyment."

Last year Oregon had 650,000 tourists, he said. This year the figures so far indicate that the total will be between 850,000 and 1,000,000. In one automobile camp in Portland last year there were 76,000 tourists registered, and they are now running at the rate of forty per cent more this year.

Mr. Cuthbert, who was one of the first to urge ferry services to break down the isolation of this island, congratulated Victoria on the motor ferry services which have been inaugurated to Port Angeles, Bellingham, Anacortes and from Nanaimo to Vancouver during the past two years.

DR. TOLMIE REFUSES TO BE B.C. LEADER

(Continued from page 1.)

MEMBERS TO MEET

While Conservatives are seeking desperately for a leader to succeed Mr. Bowser, Liberal and Conservative members are arranging for meetings of their elected members as soon as absentee ballots have been counted on July 14. Both parties are anxious to get together as soon as they know the final election result and map out their plans for the future, and both face numerous questions which only a full meeting of members can decide.

One of the most persistent rumors that followed the campaign was set at rest to-day when Charles Woodward, senior member-elect for Vancouver, announced that he was not seeking a portfolio in the Provincial Government.

NOT SEEKING POST

"I wrote to Premier Oliver on June 28," Mr. Woodward said, "informing him of this fact and notifying him that I was in no way inspiring various suggestions that have been made pushing my name forward for a position in his Cabinet."

"At the same time I wish to say that I intend to be a strong and honest supporter of John Oliver and the Liberal Government. What is the basis on which I was elected and I intend to do my duty. I consider that the freight rates fight, which was my chief reason for entering the contest, had as much to do with my election, and I intend to stand by the Premier right through that fight."

Dublin, July 4.—A committee of Irish farmers has begun negotiations with the Government for establishment of the sugar beet industry in the Free State. It is declared to be possible to grow sugar beets on 2,000 Irish acres could be obtained in a short time.

CROW'S NEST RATES WOULD BE CRUSHING BLOW TO FRUIT MEN

Okanagan fruit growers believe that if the Crow's Nest Agreement is restored on July 6 their business will suffer a crushing blow this year as they will have to undergo serious discrimination in transportation costs as compared with the growers of Eastern Canada. Leading Okanagan growers wired to Premier Oliver to-day urging him to keep up his fight against the renewal of the Crow's Nest Agreement unless it applies to eastward-moving as well as westward-moving produce. The Premier explained that he had already done everything in his power to protect British Columbia's interests in connection with the Crow's Nest rates. British Columbia's position in the three prairie provinces, it was made known, was that the British Columbia's position would be granted automatically if the Crow's Nest rates were restored. The principle urged by British Columbia, however, has not yet been recognized by the Railway Commission.

VIETNS DIFFER ON REPAIRATIONS PLAN

French Wish Commission to Decide When Germany in Default

British Premier Would Have Other Officials Given That Duty

Paris, July 4.—The French Government is not in accord with Premier MacDonald or the programme for the coming Allied conference in London as set forth in the British Premier's invitation to the other Allies, it was said at the Foreign Office to-day. The French Government is not in accord with the British Premier's invitation to the other Allies, it was said at the Foreign Office to-day. The French Government is not in accord with the British Premier's invitation to the other Allies, it was said at the Foreign Office to-day.

NEITHER M'ADOO NOR SMITH LIKELY TO BE CANDIDATE FOR PRESIDENCY OF U.S.

(Continued from page 1.)

The sixty-sixth ballot to-day resulted as follows: McAdoo 495, Smith 324, Davis of West Virginia 74, Underwood 29, Glass 25, Robinson 21, Ritchie 16, Walsh of Montana 2, Saulsbury 6, Owen 24, Walsh of Massachusetts 24, Ferris 24, Bryan 1. Total 1,095.

SIXTY-FOURTH BALLOT

The sixty-fourth ballot resulted as follows: McAdoo 483, Smith 325, Davis of West Virginia 61, Underwood 29, Cox 54, Glass 25, Robinson 24, Ritchie 16, Walsh of Montana 2, Saulsbury 6, Owen 24, Walsh of Massachusetts 24, Ferris 24, Bryan 1. Total 1,095.

RALSTON'S WITHDRAWAL

During the calling of the sixty-third ballot the McAdoo floor leaders got word that a withdrawal would be announced for Senator Ralston and that the Indiana vote would be cast for McAdoo, five ballots, to give him an opportunity to see what kind of drive could be made.

McADOO'S FIGHT

New York, July 4.—Declaration of his purpose "to fight on to the last drop of blood runs out of me," was made by W. G. McAdoo, contender for the Democratic nomination for the presidency of the United States, in King Edward's hall to-day to 100 women who called at his headquarters.

Two Policemen of Philadelphia Were Hurt by K.K.K. Men

Philadelphia, July 4.—Two policemen were seriously wounded early to-day while dispersing several hundred white-robed men surrounding a fiery cross on the outskirts of Ardmore, a suburb of Philadelphia.

150 MEN FIGHTING GREAT FOREST FIRE

Area Ablaze at Cranberry Lake, Near Powell River, Is 800 Acres

Fire in Cowichan District Being Brought Under Control by Crew

Vancouver, July 4.—The forest fire in the vicinity of Cranberry Lake, near Powell River, has spread over 800 acres. It is being fought by a crew of 150 men, who are using locomotives and pumps and are constructing fire breaks, although handicapped by a strong westerly wind. The fire has been confined to logged-over and burned-over ground.

Little damage was done by the fire on the north end of Cortez Island. That fire has been got under control. Some felled and bucked timber was destroyed by a fire on Redonda Island. It is being fought by a crew of fifty-five men.

The Rock Bay fire, still out of control, is spreading in a southerly direction. A crew of 200 men is fighting it.

AT SALMON ARM

Three hundred acres on Salmon Arm, Sechelt Inlet, have been swept by fire and damage has been done to logging equipment and felled and bucked timber. This is the fire which was previously reported to have been at Clegham Lake.

VANCOUVER ISLAND

The situation on Vancouver Island is quiet with the exception of a fire near Cowichan Road, which has not yet been brought under control. It is hoped to have this blaze controlled by this evening.

STARTED BY STORM

Calgary, July 4.—Following days of excessive heat, a "dry" electrical storm has swept through the interior of British Columbia and set the forests alight in dozen of places. News received by the headquarters of the forestry service in Calgary this morning told of forest fires in many places in the railway belt west of the Alberta boundary.

While northern Alberta forests are ablaze in many places, conditions on the reserves, including the Brazeau, Clearwater, Bow and Crow's Nest, are still normal. No fires are reported, although the hot weather has increased the fire hazard.

A BLAZING WAKE

A week ago the railway belt in the vicinity of Revelstoke, Kamloops and Kamloops was clear of fire. Yesterday a severe electrical storm swept through the mountains and left a patch of blazing trees.

This morning the Revelstoke station reported one large and five small fires burning. The large fire is on the slopes of Mount Tilly, immediately above the town. The lightning fires were started for the most part high up on the mountains and are working down. Many of them are in extremely rough country, and it is necessary to swamp trails through the bush in order to begin fire-fighting.

PATROLS BUSY

The hazard has increased in the Golden area and extra patrols are at work. In the Kamloops area three large and seventeen small fires are burning, all the result of the big storm. The large fires are near Enderby, on Jones Mountain and on the north fork of the Eagle River. Fire-fighters are now on their way to these fires, but the country is almost inaccessible. Many of the small fires are on Seymour Arm.

Kamloops reports seven small railway fires which are being fought at present.

On the coast there is only one fire in the railway belt and it is under control.

Two Policemen of Philadelphia Were Hurt by K.K.K. Men

Philadelphia, July 4.—Two policemen were seriously wounded early to-day while dispersing several hundred white-robed men surrounding a fiery cross on the outskirts of Ardmore, a suburb of Philadelphia.

SHOWERS PREDICTED IN PRAIRIE AREA

Heat Wave Has Been Causing People of the Plains to Suffer

Winnipeg, July 4.—Western Canada continues to suffer in a tropical heat wave which at many points has sent the mercury well above the century mark. The temperature has slightly moderated in British Columbia and Alberta, while weather reports indicate that a shallow depression is passing eastward over Saskatchewan.

Medicine Hat topped the western cities with 102 degrees in the shade, while Grand Forks, B.C., enjoyed a slight respite from Wednesday's peak of 109, the thermometer dropping to 101 degrees in the shade yesterday. At Empress, Alta., the even century mark was reached. Several districts in Alberta and Saskatchewan registered well over the 90 mark, although in Manitoba, the highest point reached was 87 degrees at Portage la Prairie. In Winnipeg the temperature went as high as 84.

The forecast for Saturday is for continued fair and warm weather, with scattered showers predicted for the prairie provinces.

WAGE SCALE ACCEPTED

Montreal, July 4.—Unanimous approval of the new three-year wage agreement between the Montreal Tramways Company and its 2,000 employees, giving the men an increase of three cents an hour and five cents an hour on Sundays and holidays, was approved at a mass meeting of the men last night.

VETERANS ASKING NEW LEGISLATION

Representatives of G.W.V.A.
State Views to Ministers
in Ottawa

Ottawa, July 4 (Canadian Press).—Led by Dr. W. D. Sharpe, Dominion president, representatives of the Great War Veterans' Association from all provinces were received yesterday by Premier King, Hon. H. S. Beland, Minister of Soldiers' Civil Re-establishment, and Hon. James Murdoch, Minister of Labor.

The delegation asked that all legislation referred to the special committee should be dealt with at the present session of Parliament, and stressed the urgency of an effective pension administration.

Major M. A. MacPherson of Regina emphasized that the people of Western Canada had lost confidence in the Pension Board. He also urged that the Government support soldier-settlers from the results of present economic conditions.

FIVE C.N.R. BRANCH LINE BILLS DEFEATED

Senate Throws Out One
Nova Scotia and Four Sas-
katchewan Measures

Three Bills For Lines in Al-
berta Given Third Reading

Ottawa, July 4.—Five Canadian National Railway branch line bills were killed in the Senate yesterday afternoon. Four of the measures were for lines in Saskatchewan and the other was for a line in Nova Scotia.

The four Saskatchewan bills were for lines from Turtleford to near Hestford, from Lloydminster northwesterly to Hestford, from Lloydminster northwesterly to Hestford, and from Lloydminster northwesterly to Hestford.

Three Alberta bills were given third reading, being for a joint section from Hestford to Hestford, a line from Rosedale westerly, and a line between Hanna and Warden.

Opposes Expenditures
Speaking on the Turtleford branch line bill, Sir James Loughheed, who moved for a six months' hoist, declared large expenditures should not be encouraged in the Canadian National Railway in view of the condition of the railways.

Senator Dandurand, Government leader, in support of the bill, said the country through which the branch would run was well settled and would be productive of a large amount of freight. The construction of this branch had been commended by the Conservative Government. The present management was merely seeking to complete the work. The bill had been properly investigated by the committee and reported to the Senate on the arguments set forth there.

Senator Robertson contended the bill had not been properly reported from the Railway Committee of the Senate, and said the greatest care should be exercised before embarking upon further expenditures.

LINE NEEDED
Senator Pardee argued that it was a great responsibility on the part of the Senate to reject this bill. A six months' hoist really meant a delay of some two years. The countryside needed the line.

Senator Laird of Saskatchewan declared objections to this branch line not well taken. The farmers of the district were now hauling grain thirty-two miles to a railroad. He invited opponents of the branch to go out and tell the settlers the branch was not needed.

If this branch was defeated there was no reason why all the branch bills should not be defeated. Senator Calder said in defending the "construction. The country should not be afraid to spend money on branch lines which would pay. The district was settled and the Canadian National Railway could not afford to stand still if they were to be made to pay. Feeders were necessary.

MORE INFORMATION
Senator Lynch-Staunton and Senator Beland opposed the construction. Senator Beland thought more information should be forthcoming, together with a signed statement from President Thornton as to the respective merits of each branch.

Senator Gillis and Senator Watson spoke briefly for the bill.
Sir James Loughheed's motion for a six months' hoist for the Turtleford branch bill carried by forty-five to twenty-four.

A PAYING FIELD
In opposing the Loughheed amendment for a six months' hoist for the Lloydminster, Sask., branch line bill, Senator Dandurand maintained that if the Lloydminster branch was a good proposal for the Canadian Pacific Railway, it was good for the Canadian National Railway. That was the best evidence, he thought, that the territory was a paying one. He pointed out that this bill had been discussed in committee, and that it had been reported favorably and this attack from the blue on the floor of the chambers savored of star chamber methods.

Defence of the proposed line came from Senator Griesbach, who pointed out that the proposed line had gone far toward settling the country.

ROBERTSON'S VIEWS
Senator Robertson declared his chief criticism of the Canadian National Railway executive officials was that they came before the committee and gave him the impression they had no confidence in the paying possibilities of the lines they endorsed.

"It is not a question of Canadian Pacific Railway versus Canadian National Railway," said Senator Robertson. "It is a question of whether we are going to build a railway line to every man's granary. If the Canadian National Railway proposes to

do that, the Lord help it."

NATIONAL DIGNITY

Sir James Loughheed charged the Canadian National Roads with an orgy of extravagance. No matter what ramification of the road was looked into, he declared, the imprudence of the grossest extravagance would be found stamped upon it. He spoke of officials of the road supping in hotels on the ambrosial nectar of the gods.

Senator Dandurand retorted that "with us it is a question of national dignity not to allow our road to play second violin to the Canadian Pacific Railway."

SUPERANNUATION BILL IS DISCUSSED

Measure For Civil Servants
Before Commons For Third
Reading

Ottawa, July 4.—The Civil Service Superannuation Bill now stands for third reading in the Commons. The measure was put through the committee stage yesterday afternoon.

The bill applies to all permanent employees in receipt of \$600 or over and also to those classed as temporary but who are really permanent. Each employee is to make a contribution of five per cent of his salary. Retirement is to be optional at sixty-

five and compulsory at seventy. After ten years of service each employee is to be entitled to an allowance of one-fiftieth of the average salary during the last ten years multiplied by the number of years of service, not exceeding thirty-five. Widows are to be entitled to an allowance of one-half of the civil servants, while the allowance for each child is to be ten per cent up to the age of eighteen. The bill contains further provisions for transfer from the retirement fund or the old superannuation fund to the new act.

A bill to provide for the extension of the public Service Retirement Act until March 31, 1925, was given first reading.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, July 4, 1899.

A large party of excursionists left to-day on the steamers City of Nanaimo and Utopia for Seattle to participate in the Independence Day celebration.

Rev. D. More, LL.D., recently principal of the college of the Chinese Mission in Amoy, China, has arrived in the city to take charge of the Methodist Chinese missions of B.C.

Miss Lilian R. Smith, only daughter of United States Consul Abraham E. and Mrs. Smith, arrived last evening from Illinois, and will spend the Summer in Victoria.

IMPERIAL CONFERENCES

IT would be difficult to point at the present time to any definite advantage which either Canada or any other Dominion derived from the Imperial Conferences which the Baldwin Government called last year. At the same time it would not be fair to judge the deliberations of those or previous gatherings in the light of such results as may have become known to the general public through the press.

Understandings may have been reached, a more intimate acquaintance may possibly have been gained in respect of Empire matters by those Dominion statesmen who were in attendance at their first gathering of the kind, which will contribute towards an even smoother interchange of ideas between Downing Street and the several governments of the Commonwealth.

Even though this much be conceded, however, taking no account either of the change of government in Great Britain or of the fact that Dominion responsibility in matters of foreign policy has since been aired, it is scarcely likely that a further Conference would prove, in the last analysis, anything more important than that the present unwritten constitution which binds the British family together is the most potent factor in Empire unity.

None the less the suggestion which the Colonial Secretary threw out at the Empire Day banquet in London on Tuesday should not be lightly brushed aside. The Government over which Mr. Ramsay MacDonald presides very naturally is desirous of striking out for itself in matters concerning the Empire direct as well as in respect of questions of international import where it considers its predecessors in office have failed.

In the Government's desire, therefore, to meet the statesmen of the Dominions, "not as a Party, but in the interest of the Empire as a whole," it may be that the Party in office at Westminster has chosen a recent declaration of the Prime Minister of Canada as the peg upon which to hang the proposal outlined by Mr. Thomas.

The success of another Conference, of course, depends upon the extent to which the agenda is permitted to be stretched. If it shall be regarded, no matter upon what slender pretext, as a new opportunity for the airing of all those matters of Empire concern which shall in no wise involve the domestic policies of any of the Dominions, substituting, for instance, practical proposals for the development of the vacant spaces of the Empire for the discussion of subjects which more directly demand legislative action afterwards, practical results from such a consultative gathering might easily be attained.

In any case the most unsatisfactory outcome of the proposal which Mr. Thomas made on Tuesday, relying upon precedent for the prediction, would be that a number of Empire statesmen would return home as quickly as possible to recover from certain gastric disorders which are usually the concomitant of lavish hospitality in Britain.

A FRIENDLY CONSUL

THE retirement of Mr. R. B. Mosher, United States Consul in Victoria since 1915, will be regretted by this community in which this sterling representative of a friendly nation has made a host of friends. Mr. Mosher has been a worthy successor to the lengthy list of admirable consuls whom Washington has appointed to Victoria in the last forty years, all of whom have made this city their home in every sense of the term and have contributed largely to the maintenance of the cordial relations which exist between our people and their neighbors across the boundary line. Mr. Mosher, who has had a long and diversified experience in the diplomatic service of his country, has discharged his duties here with marked propriety and unwavering courtesy and leaves a record creditable alike to himself and the service to which he belongs.

OIL SUPPLIES

EMINENT experts have been telling the International Power Conference now being held in London that the oil resources of the United States will be exhausted within a generation. As three-fourths of the world's oil supplies come from the neighboring republic we are within sight of a big shortage of a commodity around which has been erected a large part of the industrial structure of these times.

It is true oil is being produced in growing quantities in many other lands and more fields are being discovered, but the rate of discovery and development so far contains no assurance that with the exhaustion of the supplies from the United States the demand, even if it did not increase beyond its present dimensions, will be met beyond a mere fraction. Moreover Governments are constantly enlarging their reserves for national purposes.

Man, however, is very resourceful. He may discover a substitute even more accessible and economical than oil. The water power possibilities of the world so far have only been scratched. The electrification of railroads is increasing. There is enough energy in the

rivers of this continent now unused to keep the wheels of industry going for centuries. Some day human ingenuity even may put a harness upon the ocean. Somebody may find the magic key which will divert to the peaceful purposes of mankind the titanic power of the atom of which Sir Oliver Lodge tells us.

Apart from all this we still have our old friend coal. There is enough in sight on this continent to last some thousands of years. In fact there is enough in Western Canada alone to last the world so long that posterity would have no reasonable ground for the complaint that we did not leave it plenty of fuel.

It will not be long, however, before industry will begin to readjust itself to meet the changed conditions which must arise from the decline in the oil supplies. It may be a considerable time before the problem will become acute, since a generation according to the International Power Conference may mean a quarter of a century, but big industrial organizations which have taken several times that period to develop have to look a long way ahead.

Motorists eventually will feel the pinch, but it will not be until a long time after all the cars now in use will have become so rickety and generally so decrepit that the price of gasoline will have ceased to be an important consideration in the use of them.

GOOD BUSINESS

THE appointment of Mr. F. A. Starkey, Commissioner of the Associated Boards of Trade of Eastern British Columbia, to represent this Province at its mineral exhibit at Wembley ought to be good business.

The mineral section in the Canadian Pavilion is a display for which no apology is needed. Every care has been taken in the arrangement of the collection to make an essentially technical exhibit as interesting to the uninitiated as to the professional mind. How successful this effort has been is best judged by the fact that visitors of both sexes are attracted by the delicate artistry which has been employed in every one of the huge show cases.

Through a close association with the mining industry in British Columbia for so many years Mr. Starkey will be able to give reliable information to those people who are seriously regarding the Exhibition as their first real lesson on the Empire and what the Empire has to offer.

British Columbia's representative will have all the argument he will require to convince the Old Country investor that he is missing mining profits in British Columbia which he might easily have obtained himself.

THE MOVING WORLD

OUR neighbor's coast-to-coast day-and-night air mail has quickly passed from the novelty to the business stage. For the last three days between thirty-three and thirty-six hours only have been consumed by the aerial postmen between New York and San Francisco.

What this rate of transit means to some commercial concern is shown by the fact that one westbound package mailed at Cleveland yesterday carried nearly \$200 in postage. This would lead one to suppose that keen rivalry among the great shipping houses will be one result of the service.

Saving of so much time in the delivery and dispatch of important mail between the United States and the Orient is a factor that will undoubtedly bear upon the extension of American markets on the other side of the Pacific. It may be that Canada will eventually be more practically interested in the new service than she need be at present.

The battle of Madison Square is still in progress. Everybody is in no man's land.

In at least two places in British Columbia the mercury has been dancing round the 100 mark for the last three days. Our lot is truly cast in a favored place.

The Mayor's intimation that the C.P.R. will commence work on the Amusement Centre late in the approaching Fall means that important advertising matter will contain an additional appeal to tourists who come this way next year.

Anybody would think from the way some Senators at Ottawa treat and talk about the Canadian National Railway system that it was a new form of plague. Instead of which it is the country's baby looking for some new clothes to help it to get more business.

STRAITFORD AND ADVERTISING

From The Stratford Beacon-Herald
That Stratford is to be again represented at the Canadian National Exhibition by a community "Made-in-Stratford" show will be welcome news to all citizens who have the best interests of the city at heart. Proper publicity is necessary if the city is to become widely known, and this year's show, of which 1924 will be the third, is one of the best ways of advertising the city that can be devised.

LOOKING TO CANADA

The fears that calamity was about to settle on Canada because of the temporary absence from home of some thousands of Canadians are happily allayed by the home coming, but will those who shouted the news of the going away from the house-tops and from the bustling notes the return of the armies with joy? Other nations are also looking to Canada as offering fields for adventure, and industries are promising to locate their plants here where even the strangers may come and find employment.

TO AN ELDER

From The Beacon
What have you to show
Beside tight self-content
To prove that I should go
The way you went?
If in your eyes is shown
Your journey, I should say
That Beauty is not known
Along that way.
—Mavis Macintosh.

Dr. Frank Crane on "The Child"

(Copyright)

A MARRIED couple who fall out, drift apart and come into more or less hostility, are apt, both parties, to be too egocentric.

The wife thinks of her outraged feelings, her bruised self-respect, her dross of love and homage which has been denied.

Her friends fan the flame of her resentment. Often her mother, quick to champion her child's cause, urges her on to separation or divorce.

The husband works himself up into a like exasperation. So the quarrel rolls on like a snowball, growing larger as it rolls.

Permit me in all politeness to ask—"What of it?"

Also, "Who are you?"

Suppose your heart is smashed and your dream shattered and this and that other tragic consequence at hand. I, speaking for Destiny, or Nature, or Mankind in general, ask, "What?"

For Nature is through with you anyway. What Nature intended was The Child.

The only reason she kindled the sex fires in you, the only reason she threw over you both the glamor of romance, and filled you with all those rosy visions, was

The Child.

And instead of walking up and down the stage and thundering about your rights and wrongs in mouthing tirades, suppose you stop and concentrate a bit upon the one vital and determining factor in this case which you seem to have forgotten.

The Child. Let him have the spotlight. You've had your fling, and if you have made a mess of it take your medicine. But what about the little Being you brought into the world?

Has he no right to a mother's care, a father's protection, and the environment of concord between the two?

If you have not succeeded in working out your own happiness how would it do to give your Child a chance?

In every divorce suit there should be three lawyers, one for the plaintiff, one for the defendant, and a third, the one party to the case that really matters, The Child.

Disciplining the Savage Iroquois

ON July 4, 1686 the Marquis de Denonville, Governor of New France, left Fort Frontenac, where Kingston, Ontario, stands today, with his army of about two thousand, regulars, militia and Christian Indians from the settlements near Quebec and Montreal. He was proceeding into the country of the Seneca nation of the Iroquois, south of Lake Ontario, on a punitive expedition to enhance the prestige of the French and counter the intrigues of the British Governor of New York, Thomas Dongan. To many of his own officers as well as to the Senecas and the English the expedition seemed uncalculated, though there was enough in the past to avenge. Still the recent offences had not been sufficient to warrant this display of force. The Baron de La Hontan, a young officer of regulars with this army, wrote of it, "Time will discover the consequences of this expedition; and perhaps we may come to regret, though too late, of our complying with the advice of some disturbers of the public peace, who project to enslave their private fortunes in a general commotion."

As a matter of fact, no disaster actually overtook the force. It penetrated the Seneca country, fought a forest action with the Seneca warriors near their great town, defeated them with considerable loss, burnt their four towns and their stores of grain, cut their ripening maize and slaughtered their swine. Then it returned triumphantly a barren triumph, for the Senecas had been cowardly or crippled, only infuriated, and they later sought a ghastly revenge upon the exposed settlements of the French.

But departing from Fort Frontenac on July 4, the Marquis left the victims of one of the blackest pieces of treachery ever laid to the door of the white man against the Indian. Advancing from Montreal, he had sent on ahead the Intendant Champigny to seize the peaceful, friendly Iroquois who for years had lived in the neighborhood of Fort Frontenac. His Majesty of France needed slaves for his galleys, and had expressed a desire for some Iroquois.

CHAMPIGNY did his work well. The village of Kent was on the shores of the Bay of Quinte, and the village of Ganeevous was not far from Napanee of our day. Inviting the inhabitants of Kent to a feast Champigny obtained thirty warriors and ninety women and children. Ganeevous was similarly raided by his officer Perre who brought in eighteen warriors and sixty women and children to Fort Frontenac the day before Denonville left. All the men, except a few claimed by allied Christian Iroquois, were bound upright to stakes on the parade, an excruciating torture in itself. Here they were tormented by the allied Indians and their children, and fed only by the none-too-successful efforts of their squaws.

The Baron de La Hontan, when he arrived with the main force on July 1, to his intense indignation, found these people in this plight. He recognized one who had formerly befriended him, and consoled with him. "I gave him to know that I was heartily grieved to see him in that dismal posture; that I would take care to have victuals and drink conveyed to him twice a day, and would give him letters for my friends at Montreal, in order that he might be used more favorably than his companions. He replied that he saw the horror that most of the French were affected with upon the view of the cruelty they underwent, and that he scorned to be fed, or used more civilly than his fellow prisoners.—But this was not the only thing that affected me, when I beheld the misery of these innocent creatures; I saw some young savages of our side burnt their fingers with fire in their lighted pipes; which provoked me to thrash them soundly; but I was severely reprimanded for my pains, and confined to my tent for five or six days, where I only repented that I had not dealt my blows in double measure."

The matter so highly that presently they ran to their huts and flew to their muskets, in order to kill me. Nay, all that could be done was scarce sufficient to appease them; for the dispute came to that height that they would have left us, if it had not been that our men assured them, "I was drunk, that all the French were prohibited to give me either wine or brandy, and that I should certainly be imprisoned as soon as the campaign was over."

These unhappy victims, to the number of thirty-five, were sent to the appalling slavery of the galleys in France, where many died. Three years later Frontenac returning brought the survivors to pacify the outraged Iroquois Confederacy and to save the colony.

Canadian Ship To Visit Islands In Arctic Seas

Ottawa, July 4.—The Canadian Government steamer Arctic will leave Quebec this week for Baffin Bay and the Far North, with orders to proceed to Enniskillen, Greenland, if conditions permit, and deliver mail to the MacMillan Arctic Expedition, which, from the Arctic will, at the earliest opportunity, endeavor to arrange by radio a rendezvous with Captain Donald MacMillan and his ship, the Bowdoin, in order that the mail may be delivered personally. If it is found impossible to secure a rendezvous with the Bowdoin, the mail will be left at a Danish port and Captain MacMillan will be notified.

The present expedition of the Arctic will be in charge of P. B. Henderson, who was a surveyor on last year's expedition. Captain Bernier, a veteran of eighteen northern trips, will be the master of the vessel. Dr. L. B. Livingstone of Ottawa, will again be the medical officer, and J. D. Soper, naturalist, will once more go under the auspices of the Victoria Memorial Museum.

RADIO EFFORTS
A new and interesting acquisition to the expedition is William F. Choate, amateur radio expert of Toronto. "Bill" Choate, who is barely twenty-one years of age, owns and operates amateur station 3C0 in Toronto and has established contact in the past with the radio operator of the Bowdoin. This year the Arctic will carry, besides her long-wave and commercial transformers, a special short-wave set which will be operated by Choate in an attempt to communicate with the MacMillan schooner.

Many efforts have been made in the last two months to reach the Bowdoin, but the continuous Arctic daylight and severe static have interfered and thrown a mysterious silence over the fate of the explorer and his party.

TILDEN WINS MATCH

Indianapolis, July 4.—Rain halted the tennis tournament here yesterday. Wm. T. Tilden of Philadelphia had entered the semi-finals with a 6-2, 6-2, 6-1 victory over George Lott, Chicago's national junior champion. The Tilden-Lott match was the only one completed although Gerald Patterson, the Australian star, won a set from Louis Kuhler, Ohio champion, by a 6-3 score before the showers came up.

MAGNESIA BEST FOR YOUR DIGESTION

Warns Against Doping Stomach With Artificial Digestants
Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have now discontinued disagreeable diets, patent foods and the use of harmful drugs, stomach tonics, medicines and artificial digestants, and instead, following the advice so often given in these columns, take a teaspoonful or two of tablets of Blaud's Magnesia in a little water after meals with the result that their stomachs no longer trouble them, they are able to eat as they please and they enjoy much better health. Those who use Blaud's Magnesia never dread the approach of meal time, because they know this wonderful anti-acid and food corrective which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation, and without this plan yourself, but be certain to get pure Blaud's Magnesia especially prepared for stomach use.

SAANICH ROBBERY TRIAL PROCEEDS

Injured Man Says He Was Knocked Down and Robbed

The trial of J. R. Fielding, C. W. Thompson and Thomas Hallam on a charge of robbery with violence proceeded, after several remands, in the Saanich Police Court this morning.

Frederick McDonald, R.C.N., the complainant, was found unconscious on the Gorge Road at Donald Street on the morning of May 2, suffering from severe injuries. When he recovered in the Jubilee Hospital some days later the complainant stated he had been knocked down by three strangers who had asked him for a match.

Later, witnesses for the prosecution told the court to-day, McDonald had picked out the three accused when they were paraded before him, as the authors of his misfortune. McDonald in his complaints to the police stated that he had been robbed of some \$16.

On the stand to-day, under the cross-examination of H. A. MacLean, K.C., McDonald admitted that he was not certain what funds he possessed. He had been in possession of \$250 but this had been dissipated prior to May 1. Witness admitted being subject to fits, which he said had only become manifest after his adventures on the night of May 1-2. Witness served with the Australian forces, joining the D.C.M. at Gallipoli and the M.M. in France. He was also a trained boxer, he said.

Taking the stand for the prosecution Miss Worthington stated that McDonald had escorted her home from a dance at 1.30 on the morning of May 2. Constable Ferguson told of finding McDonald lying unconscious on Donald Street at Gorge Road at 2.15 a.m. He noticed one pocket, the right trouser's pocket, turned inside out.

Constable Hastings corroborated the former witness and told of getting the injured man to the Jubilee Hospital.

Chief Brogan of the Saanich police told of investigating the circumstances after the finding of the injured man. H. A. MacLean, K.C., with Percival Waile, appeared for the three accused, and E. L. Tait for the prosecution. The hearing continues.

A Gay, Glittering Joyous Journey to the Playground of the World!

"Broadway After Dark"

with a superlative cast of screen stars augmented by hundreds of famous stage celebrities, who appear in the gigantic Astor Equities Ball scenes, made in the famous Grand Ballroom of the Hotel Astor.

AT THE THEATRES

Popular Comedy at Playhouse Has Proven Its Worth

"A Pair of Sixes," which has been increasing in popularity all along the line, is a comedy of proven worth on the American as well as the English stage. For some years now it has enjoyed the distinction of being one of the few plays of this type which have periodical returns to the Broadway stage, and it has never failed to justify its promoters' judgment. In the hands of the Playhouse Company it loses nothing of its snap or humor.

Thrills and Action Characterize Film at Columbia To-day

"The Arizona Express," written by Lincoln J. Carter and produced for the silver sheet by William Fox, is showing at the Columbia Theatre to-night. The picture is a typical Carter thriller, with even more romance and excitement than he usually gets in his remarkable work. A capable cast headed by David Butler, Pauline Starke, Evelyn Brent, Anne Cornwall, Harold Goodwin and Francis MacDonald, follows out the plot designed by the noted thriller dramatist in close detail. "The Arizona Express" is even more melodramatic than "The Elusive Hour," which was supposed to have been Carter's greatest screen effort up to that time.

Shirley Mason is Star in Drama of Slum School Life

What is one of the best pictures of the season is "The New Teacher," a William Fox production, which stars Shirley Mason, now running at the Playhouse Theatre this week. Miss Mason, while only a youngster, is one of the most lovable persons appearing on the silver screen. Preliminary notices of her new role as a society girl who becomes a school teacher when the family fortune dwindles. This is the type of role that Miss Mason should do exceedingly well, and is most after her own heart.

It is evident that Mr. Fox is desirous of making the picture one of the little star's best as he has surrounded her with an exceptionally able cast. Earl Metcalfe and Alan Forrest are two of the best actors in the Fox studio and tiny Pat Moore

is one of the leading child actors on the screen.
The picture should be a big success.

Actress Playing in Dominion's Feature is Attractive Role

Never in the history of motion pictures was a film made under such rare conditions as "The White Sister," which is showing at the Dominion Theatre. When Henry King, the director, and Lillian Gish, the star, headed a troupe of adventurous Americans who journeyed to Italy to create "The White Sister" in the locale in which the story was written, they opened up a new era on the screen. As a result, the film based on the F. Marion Crawford novel has backgrounds of surpassing beauty.

"The White Sister" a Henry King production, is an inspiration picture, released through Metro.

Had Meteoric Rise to Fame as Dancer and Then Actress

Barbara La Marr first attracted public attention as a dancer in a Salt Lake City cabaret and later in a Los Angeles restaurant. In the Maurice Tourneur production of "The White Moth," which is now being shown at the Capitol Theatre, she demonstrates convincingly that she has not forgotten one bit of her early training.

As the headliner of the Parisian Folies Royales she executes with Charles de Rochie the difficult dance of "The Spider and the Moth." The costumes that they wear in this dance were designed especially for them and are gorgeous to look upon as they trail in and out of the tremendous plants and caves that make up the scenery.

Handley Wells Gives High Class Recital for "The White Sister"

A high-class organ recital program is being rendered at the Dominion Theatre every night this week by Handley Wells as the accompaniment to the soul-stirring picture "The White Sister," which stars Lillian Gish and which was taken in Italy amid the original scenes pictured by Marian Crawford in the book from which the film was produced.

Mr. Wells's organ recital programme follows: Andante Religioso, Theme; Canzonetta, D'Ambrosio; Serenade Caprice, Swar; Romance, Opus 1, Tchaikowsky; Gribiribin, Pestaizka, O. Sole Mio, De Capua; Barcarolle, Rubenstein; La Soudanese, Jackson; Amour Coquette, Friml; Even Song, Martin; In the Cloisters, Torrence; Dancer of Navarre, Zamecnik; Largo, Handel; Ave Maria, Schubert; Andante, fifth symphony, Tchaikowsky; The Rosary, Nevil.

PLAYHOUSE

"Cythera" Causes Furore Amongst All Those Who See it

Starting Monday, the feature at the Capitol Theatre will be "Cythera," Goddess of Love, a First National picture which is creating a sensation in all parts of the country because of its unusual story and a novel and distinctive color scheme. It is presented by Samuel Goldwyn and was produced and personally directed by George Fitzmaurice.

Adapted from Joseph Hergesheimer's famous novel, "Cythera" is the tale of a man who was denied love and romance in his own home. Fate, through a doll, provided the balance by which he was thrown into contact with a woman who was in the same predicament. The locales of the story are New York City, an ocean liner and Cuba, and the story is a series of original and startling adventures, culminating in an unexpected climax.

"Broadway After Dark" Coming to Dominion Theatre

Broadway of the great white lights, Broadway of the iron soul that voraciously swallows up its millions of adventurous souls, is the theme of one of the finest pictures it has ever seen. "Broadway After Dark," the picture is a series of original and startling adventures, culminating in an unexpected climax.

Everything combined to make it a wonderful picture, one of the greatest, in fact. We say this confidently, knowing that the current year has been rich in pictures that deserve the name of great. First, it is a screen adaptation of Owen Davis's famous play of the same name, and the reputation of Owen Davis as a dramatist is no elaboration. Second, it is a Warner Brothers' Classic of the screen, which means distinction and good entertainment. Third, it was directed by Monta Bell. And last, there is the exceptional cast of stellar players, composed of Adolphe Menjou, Anna Sten, John Harrington, Norma Shearer, Charles Myers, Edward Burns, and others.

All who see it will agree that it is the best picture to be seen in the screen of the world's greatest city, to show that beneath the outward glare and glamor of the Great City, there is a human heart and impulses are the same as on "Main Street."

Especially worth seeing are the scenes of the great Equity Ball, which is annually attended by every Broadway celebrity, and which are incorporated into this picture. It is a slice out of real life, plus the artistry which skilful dramatic form gives.

Musical Notes

BY GEORGE J. DYKE

One of the most historic of all violins is the famous "Betts Strad." This beautiful instrument, made in 1704, is now in America, having been purchased by J. C. Freeman, of the Rudolph Wurlitzer Company of New York. Somewhere between the years 1825 and 1830, Arthur Betts bought this fiddle and brought it to London. It was then to all appearances brand new, and its history and vicissitudes had not been recorded up to this time. Betts sold it to a Mr. Bone a few years after, who parted with it through John Lott, to the great French master, J. B. Vuillaume. This was in 1859. Vuillaume sold it to U. Wilmette, of Antwerp, who sold it to C. G. Blair, a well known collector. He in turn disposed of it to George Hart, who sold it in 1886 to the Duc de Camille, Messrs Hill, of Bond Street, were its next owners, and later it came into the possession of the Hon. R. D. Waddall, who has recently, as already stated, sold it to Mr. Freeman, of New York. Its price has not been disclosed, but only a few weeks ago a celebrated violinist gave \$35,000 for a Strad.

Mrs. Leonora Jackson McKim, wife of Dr. W. Duncan McKim, of Washington, D.C., has one of the most spacious and beautiful music rooms in America. Its walls are adorned with art treasures: tapestries, sculptured figures, gilded terra cotta reproductions from Europe, and innumerable tributes to the art of Leonora Jackson, a violinist of much renown, less than twenty years ago, whose playing is still fresh in the memory of the writer. A pity it is that such a player has withdrawn herself from professional life once and forever. Leonora Jackson was the first American violinist to set aside European prejudices as to the supposed inferiority of American talent. Her success was phenomenal. She played in Vancouver about eighteen years ago.

The four instruments owned by the members of the Henri Verbrughe quartet, of Minneapolis, are the works of the great Cremona violin makers. Their combined ages total 770 years.

Victorians cannot but feel proud of their fellow citizen, Victor Edmunds, who is now singing the big tenor roles in grand opera with well known and distinguished stars. This is exactly as was marked down by us two seasons ago. And again much credit is due Miss Graseley-Blick for her courageous and continuous successful efforts in her violinistic achievements. Her success at the Cornish School of Music only proves what a student can accomplish by diligence and rightly apportioned self-aggrandisement.

Mrs. Eva Bair, one of the city's first rank singers, is going to Italy shortly for further study, is only seeking those higher levels that this favorite contralto can well attain.

Mrs. Hollinrake-Brick, a mezzo-soprano of high attainments, formerly of this city, has been reared on concert platforms in California with warm and high praise.

Mrs. Josephine Wilson-Jones, also formerly of the capital city, now of Berkeley, California, writes to say that she has finished a very busy and highly gratifying season.

The earliest musical tones were attempts to imitate the voices of nature. The first instruments were made with the means nature provided. The savage war songs were produced from hollow tree-trunks covered with the skins of wild ani-

mals. The horns of beasts produced the first trumpet-calls. The reeds from river banks provided the "Pipes of Pan," and the simple shepherd stringed instrument, the lyre, was fashioned from an empty tortoise shell.

In many respects the music of Ireland is similar to that of Scotland and Wales.

WOULD WELCOME CANADIAN MINISTER

British Ambassador to U.S., Visiting Ottawa, States Attitude

Praises Work of Canadian Trade Commissioners in Republic

Ottawa, July 4.—"I should welcome a Canadian Minister at Washington," said Sir Eame Howard, British Ambassador to the United States, in an interview with a Canadian Press representative at Government House here.

"One reason is that it would relieve me of a vast amount of work," he added with a smile.

Sir Eame, in Canada for ten days on an unofficial visit, he addressed the Ottawa Canadian Club to-day on the maintenance of world peace.

Sir Eame was distinctly optimistic in regard to world affairs during the interview.

"We are beginning to see our way through at last," he said, adding that the nations were depending more and more upon mediation. The attitude of Germany was becoming increasingly reasonable.

Speaking of the appointment of an Irish Minister to the United States, he said that though no one had been appointed yet, the name of Professor Smiddy had been mentioned. It appeared almost inevitable that the other Dominions would be represented at Washington, Sir Eame thought.

TRADE COMMISSIONERS
Sir Eame paid particular tribute to the work of the Canadian trade commissioners in the United States. The entire work of foreign representation had changed in the past few years, until to-day it was largely commercial, he said. The younger diplomats were required to have wider economic knowledge than formerly had been required.

TO PURCHASE STEEL COMPANY'S ASSETS

Toronto, July 4.—Upon the application of B. Symes, representing G. T. Clarkson as trustee of the estate of the L. R. Steel Company, Mr. Justice Wright yesterday approved of the acceptance by Mr. Clarkson of an offer for the purchase of the assets in Canada which will pay the creditors of the Steel Realty Company 100 per cent

and the creditors of the L. R. Steel Stores Company sixty cents on the dollar.

Mr. Symes explained that the Protective Trust was to effect a reorganization of the defunct company, embracing eighty per cent of the shareholders in the old concern.

EDUCATION PROTECTION

London, July 4.—The House of Lords last night gave second reading to the bill introduced by Lord Dancourt forbidding the teaching of sedition and blasphemous doctrines to children under sixteen years of age.

Shirley and Biddy Wilson, of Ganges, are spending a holiday with Mrs. J. Biller.

Mrs. W. Lake has her brother, C. Cowden, of Nanaimo, staying with her.

Miss Ella Brown, of San Francisco, was a visitor at the home of Mr. and Mrs. C. W. Holland last week.

Mrs. H. Burrows and three children left here on Tuesday to spend a holiday with relatives in Vancouver and Seattle.

IN WOMAN'S MAIN

POPULAR GIRL WED LAST NIGHT

Miss "Buddie" McKinnon Becomes Bride of H. de Carteret of Portland

The First Presbyterian Church was beautifully decorated with campanulae, roses, and other Summer flowers for the wedding at 5 o'clock last evening of Anna Stewart ("Buddie"), only daughter of Mr. and Mrs. Alex. McKinnon, 1153 Caledonia Avenue, to Harvey de Carteret, of Portland, Oregon, eldest son of Mr. S. H. de Carteret, of this city.

The bride was given in marriage by her father and made a picture of radiant girlhood in her frock of ivory Canton crepe and embroidered veil with coronet of Brussels lace and pearls, and carried a bouquet of Ophelia roses and a nosegay of white carnations.

The bride was given in marriage by her father and made a picture of radiant girlhood in her frock of ivory Canton crepe and embroidered veil with coronet of Brussels lace and pearls, and carried a bouquet of Ophelia roses and a nosegay of white carnations.

Mix Mustard Yourself

After mixing in cold water, it takes just ten minutes to liberate from dry mustard the essential oils which give the full rich piquant flavor, and which so greatly aid digestion and assimilation of foods.

Unless you mix your own mustard you make the best part of the flavor and benefit.

Have your mustard always fresh.

Word has been received from the Agent-General, F. C. Wade, of British Columbia House, London, acknowledging receipt of samples of white and grey Angora rabbits' wool which is being placed on exhibition in the windows of British Columbia House.

The wool was presented by Mrs. G. C. Girling, Ralph Street, Sevenoaks, Kent, and forwarded through the Poultry Branch of the Provincial Department of Agriculture.

Mrs. Girling has for many years been a breeder of rabbits of every variety, and to stimulate interest in the possibility of Angora wool production on Vancouver Island she has been covering letters to a number of places in Canada and the United States as well as to the Old Country.

Although Mrs. Girling has never undertaken the weaving and spinning of Angora wool, this industry was started locally some years ago by another well-known breeder, Mr. McVicker, of "The Wild", whose products are familiar to the public through the medium of her exhibits at the Fall fairs.

Mrs. Dennis Harris is another Victoria woman who has done much to stimulate public interest in this "cottage industry."

"Bobbed" Nurses Were Suspended
Columbus, O., July 4.—Because ten pupil nurses at Grant Hospital here bobbed their hair, Miss Mary A. Jamieson, superintendent, last night suspended them "until their hair grows again."

DANCE AT KEATING
A dance will be held at the Temperance Hall, Keating, this evening with a three-piece orchestra in attendance.

FAREWELL DANCE FOR TARS TO-NIGHT
Squadron Leaves To-morrow on Its Homeward Journey

To-morrow morning Victoria will say good-bye to the light cruiser squadron, and there will be many sighs of regret at the departure from this port of the gallant lads in navy blue. Their presence has conjured up memories of the days when Esquimalt was an important naval station with ships coming and going all the time.

Hostesses who have found in the visit of the fleet a fillip to entertaining will view their departure with sincere regret, in which flippers, debutantes and the more blasé members of society will share.

Tonight the public will have an opportunity of saying farewell to the bluejackets at a dance which is to be given under the auspices of the Navy League at the Armories. The 16th Canadian Scottish Band will provide the music.

This is the seventh and last of the series of entertainments arranged by the League, in conjunction with the squadron entertainment committee, for the visitors, and it is hoped that give the tars a good send-off. Dance-the public will turn out in force to line will be from 8.30 until midnight.

Swift's Premium Ham

THE economy of buying a whole Premium Ham is attractive in itself. But there are other advantages in the purchase—you get all of those juicy centre slices to broil or fry; the butt end to bake for dinner, and the shank end that makes of simple boiled dinners something irresistible. Why not get a Swift's Premium Ham instead of a roast this week? All the family will appreciate the change.

Shop in Cool Comfort

Even on the very warmest of days this store will be found pleasantly cool because of our modern ventilating plant, which provides for a continual change of air every three minutes. First passing through a water screen, the air is thoroughly purified and cooled and then circulated throughout the store by means of powerful air pumps. No other building in the city is scientifically ventilated in this manner, and nowhere else is shopping so pleasant. If you would shop in cool comfort shop at Hudson's Bay.

Hudson's Bay Company

INCORPORATED 2ND MAY, 1870

NEW EQUIPMENT FOR HARVEST SEASON ALMOST COMPLETED

Over Four Hundred Pieces of
New Equipment Already
Delivered

Winnipeg, July 4.—Work on the new equipment for the handling of the 1924 grain crop and for general business on the Canadian National Railways is gradually approaching completion, and it is confidently expected that the rolling stock will be on hand for a heavy harvest movement this fall, according to officials reaching here from G. E. Smart, chief of the equipment of the Canadian National System. Already 454 pieces of new equipment have been ordered, this including the major portion of passenger equipment and a considerable amount of the work equipment offered for the system.

The Canadian Car and Foundry Company at Montreal have delivered first-class coaches and 156,000-ton ballast cars, designed for the harvest rush. The Eastern Car Company, New Glasgow, N.S., has delivered 135 fifty-ton general service cars. In addition the shops of the system at Moncton have completed two large lunch counter cars, designed for the harvest rush. In time for the harvest rush passenger car equipment to be completed includes six parlor cars, four buffet parlor cars, four compartment cars and twenty first-class steel coaches. This order is being handled by the Canadian Car and Foundry Company. The National Steel Company, of Hamilton, have four combinations to complete. The Montreal order, also fifty cabooses, fifteen ballast, 400 box cars to deliver. The Eastern Car Company is working on eight snowplows, 300 fifty-ton grain service cars and 300 sixty-ton box cars. The completion of these orders will be of considerable benefit to the National System, giving rapid movement to the large grain movement which is expected to come from the western provinces this year.

The work of assembling cars in Western Regia has already begun, and from now until August all

COMMODORE HOSE WELCOMED AT PRINCE RUPERT

On their way home from Victoria to Ottawa, Commodore Walter Hose, C.B.E., R.C.N., director of naval service for Canada, Mrs. Hose, and Lieut. H. J. Hibbard, in command of the Canadian Naval Volunteer Reserve, arrived in Prince Rupert from the South on the Carletonia. They were met at the steamer by Archdeacon Rix, Dr. W. T. Kergin, Mayor Newton, Capt. McCoskie and Inspector Parsons.

A luncheon was given in their honor by the Canadian Club. Members of the Women's Canadian Club being invited, there were a number of ladies in attendance. Archdeacon G. A. Rix, president of the Canadian Club, presided, and Commodore Hose was the speaker.

Commodore Hose and his party were taken for a drive along the waterfront and over the city by Mayor Newton and Archdeacon Rix.

Ketchikan, July 3.—Sailed: Princess Louise, southbound.

ALGERINE ENGINE SOLD TO TUGBOAT FIRM IN VANCOUVER

Coil Tugboat Company Will
Replace Engine in One of
Old Tugs

One of the engines taken from the former Pacific Salvage Company's steamer Algerine by the Dominion Tugboat Company, which bought the vessel after she was wrecked, on Brodie Rock, has been sold to the Coil Tugboat Company of Vancouver. It was learned this morning.

The Coil Tugboat Company is reconditioning one of its old tugs and will replace the present engine with the one from the Algerine.

The engine from the Algerine is 700 horse power and is of the reciprocating type. It was built at the Devonport Navy Yard where the Algerine was originally constructed.

Practically all that remains of the Algerine now is the other engine, which is also of 700 horse power, the boilers and some plating. The hull was beached several weeks ago and burned to get the copper and plating. The V.M.D. did the dismantling work.

HOLDS RECORD FOR CROSSING ATLANTIC

S. P. Jagger Completed 129th
Trip Across Atlantic

When the Canadian Pacific liner Montreal docked at Quebec last voyage she brought to the shores of Canada a veteran traveler who was completing his one hundred and twenty-ninth trip across the Atlantic.

His name is Samuel P. Jagger, J.P., and as the English director of the House of Commons, he makes his home in Toronto twice a year since 1885. At Honey, near Huddersfield, in the West Riding of Yorkshire, he was born.

besides conducting a prominent firm in the woolen industry, occupies the position of County Alderman in the Riding. Mr. Jagger is interested in the advance of juvenile education, and utilizes his journeys for the benefit of Yorkshire

school children. On his return to England he lectures on his experiences at various schools in the riding, and later the students are asked to write essays on what they have heard. Mr. Jagger gives prizes for the best essays. Thus the children learn geography in an easy and entertaining manner. "Those children know more about Canada than some Canadians," boasts Mr. Jagger.

Since his first trip across the ocean some thirty-eight years ago, he has traveled on fifty-seven different vessels, spent over \$20,000 on fares, and journeyed more than 1,000,000 miles. In all that time he has never met with a serious accident. Numerous sea captains have learned to welcome his cheerful presence on their vessels.

The opinions of such a veteran should be worth noting, and when he says that he has given up coming by New York and always takes the St. Lawrence route, the reason must be a good one. Mr. Jagger is an enthusiastic booster for the Canadian Pacific service. He remarks that he has recommended the Canadian ships to numerous of his friends. "I have found," he says, "that I get more comfort on the Canadian Pacific boats than on the huge liners entering New York on which the price is twice as great."

CREW ARRIVES TO TAKE BACK GRAY

Whaling Tender Will be
Placed in Vancouver-Queen
Charlotte Service

The crew for the chartered steamer Gray, which is to be used in the Queen Charlotte Islands freight service, arrived in the city to-day and will take the vessel back to Vancouver to-morrow. It was announced at the local office of the Canadian Government Merchant Marine this morning.

The Victoria Machinery Depot is fitting the bulkheads on the vessel and giving her a general overhaul.

Last year the vessel was operated by the Consolidated Whaling Corporation of Victoria during the whaling season, bringing down oil and whaling products to Victoria. This year the company is relying on the Princess Maguina and Prince John to do the work.

The Gray will operate between Vancouver and Queen Charlotte Islands. In the past the Prince John operated from Vancouver to the Queen Charlotte Islands, but a new vessel will operate direct from Prince Rupert. The steamer Gray will attend to the cargo that was formerly brought down to Vancouver by the Prince John.

LARGE STEAMSHIP CONFERENCE IS FORMED

Unchin Domei Hope to Artificially
Adjust Freight
Rates

The largest steamship conference ever known in Japan has just been organized with its headquarters in Kobe, under the title of the Unchin Domei. The shipowners who joined the conference number forty-seven, including almost all the leading shipping firms of Japan. The ship tonnage belonging to the conference totals 2,501,219 tons deadweight, of which 1,938,219 tons are owned by the shipowners and 563,000 tons are chartered by them.

The largest problem that lies before the conference as its initial step is to regulate the rates of steamship freight for overseas trade.

The trans-Pacific service, which was actively exploited by European and American merchants following the earthquake, and once totaled over 600,000 tons gross, is expected to be readjusted. European and American enterprises are withdrawing from this service gradually, and the new organization hopes to regulate the trans-Pacific service so as to artificially keep rates at a lucrative level.

The time used in Pacific standard, for the Pacific Coast, is 11 hours counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, above the average level of lower low water.

Equation.—To find the depth of water on the sill of the dry dock at any tide, add 18.5 feet to the height of high water as above given.

HIGHLANDER HAS OVER 2,000 TONS OF U.K. LIQUOR

Due to Arrive July 15; Has
4,000 Tons of Cargo on
Board

Of the four thousand tons cargo aboard the Canadian Government Merchant Marine freighter Canadian Highlander, due from the United Kingdom July 15, over half of it is case goods. The Canadian Freighters brought the largest liquor cargo from the United Kingdom since the C.G.M.M. inaugurated their service last fall, but the Highlander is expected to surpass this record.

Over 20,000 cases were discharged here from the Highlander alone, and it is expected that Victoria's supply of liquor on board the Highlander will far exceed this figure.

The steamer Canadian Highlander is loading cargo for the United Kingdom and will get away about July 6. The Highlander will be followed by the United Kingdom by the Canadian Skirmisher in September and the Canadian Transporter in October.

CANNERY LICENSE REDUCTION NOW BEING CONSIDERED

Annual Meeting of Canadian
Fisheries Association Held
Yesterday

Montreal, July 4.—A resolution requesting the Minister of Marine and Fisheries to consider the advisability of a reduction in the salmon cannery license fees and the tax per case on canned salmon in British Columbia was adopted at the annual meeting of the Canadian Fisheries Association here yesterday.

It was represented that the industry was overburdened with license fees and taxes, while these particularly levies on the business were also duplicated in British Columbia.

J. A. Paulhus of Montreal was re-elected president and F. E. Burke, Vancouver, vice-president of the association.

The following westerners are among the directors elected: Hugh Armstrong, Portage la Prairie; J. E. Simpson, Selkirk; J. B. Skelly, Calgary; J. J. Harpell, Garden Vale, Sask.; T. H. Johnson, Prince Rupert; J. S. Eckman, Vancouver; John Dykeman, Prince Rupert; H. C. Gosse and W. H. Barker, Vancouver.

SPECIAL SERVICE SQUADRON TO LEAVE HERE TO-MORROW

Light Cruisers Will Join
Battleships Off Race Rocks
at 11 o'clock To-morrow

At 11 o'clock to-morrow morning Victorians will have the last opportunity of seeing the British Empire Special Service Squadron in fleet formation, when the four light cruisers, which have been stationed at Esquimaux since the squadron arrived here June 21, will take up their position in the wake of H.M.S. Hood, H.M.S. Repulse and H.M.S. Adelaide, which will leave Vancouver at 6.45 o'clock to-morrow for San Francisco.

The three battleships on their arrival off Race Rocks will be joined by the Delhi, Dauntless, Dragon and Diana.

While at sea, on their way to San Francisco, where they are due on

July 8, the ships will engage in gunnery practice.
On their arrival at San Francisco the fleet will be entertained for three days, after which the H.M.S. Hood and H.M.S. Repulse will leave for Halifax by way of the Panama Canal and the Light Cruiser Squadron, including the Australian vessel, will leave for South American ports, and eventually for Cape Verde, whence they will sail for home ports. The light cruisers will go by way of Cape Horn and visit many of the ports on the east coast of South America before going to the rendezvous off Cape Verde. The light cruisers will join the Hood and Repulse on the trans-Atlantic trip, and enter the home port in the same formation as they left.

OIL TANKER DUE

With 20,000 barrels of oil for discharge at the Esquimaux and Nanaimo railway wharf the oil tanker Coalings is due here to-morrow.

BASEBALL, BOXING, TENNIS, SPORTING NEWS, BASKETBALL, GOLF

"Kitty" Beats Helen In Close, Hard Game

England's Queen of Tennis Scores Victory Over American Competitor in Finals at Wimbledon and Annexed Honors Held by Suzanne Lenglen for Five Years.

Wimbledon, Eng., July 4.—Miss Helen Wills, American woman lawn tennis champion, was defeated to-day in the Wimbledon tournament final by Miss Kathleen McKane, ranking British woman player, who won 4-6, 6-4, 6-4, capturing the tournament championship in the women's singles.

By her victory to-day Miss McKane won the supreme honor in the women's tennis world. Miss McKane by defeating Miss Wills in a three-set match in which the honors were almost evenly divided, attained the title which Miss Suzanne Lenglen, of France, had held against the opposition of the world since the war.

The slight advantage which the English girl held over her American rival was in more deadly stroking from close to the net. It was this that enabled her to win the championship. The real margin between the two seemed to be in the fact that Miss McKane was audacious while Miss Wills was cautious.

From the first the pace was tremendously keen. Miss Wills was far speedier both with racket and with foot than on any previous appearance in Great Britain, but she was not so quick-limbed as the slimmer built Miss McKane, who because Miss Wills failed to smash hard at the net was able to pick up many of the American's volleys.

The English girl, on the contrary, usually put points in her faster, with hard ungettable swipes at the ball whenever she caught it near the net. From backcourt to midcourt there was little to choose between the two players. Both stroked hard and with good aim, the duel varying from back-hand to forehand with each chasing the other unmercifully.

BOTH TIRED AT END
Both were obviously tired from the strain of constant running before the last set ended.

Both players had a fine variety of strokes, often sending scintillating placements past each other's reach. Each returned brilliantly at times shots which seemed impossible to reach, keeping the crowd in constant state of excitement.

Miss Wills during the first set and the early part of the second was near the peak of her best game.

Cowichan Cricket Eleven Will Hunt Heads of Albions

Up-island Team, Terror of League at Present, Plays Here To-morrow

Cowichan's aggressive cricket team will be here to-morrow to make an attempt to lower the colors of the Albions, leaders in this Victoria and District Cricket League. The up-islanders are scheduled to meet the Albions at Cranmore Road.

Great interest attaches to this match as Cowichan is making a very determined effort to win the Victoria Cup. In the first three matches of the season the side failed to score a win, despite good hitting and bowling. The breaks of the game, however, have come their way lately and they have won three matches in a row. A win to-morrow will have them knocking at the door of the league leadership.

ANOTHER GOOD GAME

Two other matches are scheduled in the first division to-morrow, the Trojans meeting the United Services and Victoria playing Five C's. The latter match should prove close. Five C's are anxious to win in order to keep in touch with the league leaders, while the Trojans must win quickly if it wishes to land in the first half alone win the title.

Two matches are also scheduled for the second division.

To-morrow's matches will be as follows:

First Division
Incogs vs. United Services at University.
Albions vs. Cowichan at Cranmore Road.

Second Division
Cowichan vs. Albions at Cowichan.
Five C's vs. Congos at Beacon Hill.

All games start at 2 o'clock. Some of to-morrow's teams will be as follows:

Albions—"A"—F. Jordan (captain), H. A. Ismay, G. H. Walton, N. F. Pite, T. Hoggarth, E. Parsons, V. G. Ley, P. Welch, A. H. Gaiger, W. B. Knight and H. Leith.
Albions—"B"—E. Cooper (captain), E. Yearwood, J. Burslem, R. M. Knight, C. Norman, B. McCannan, J. Bennett, C. G. McIlroy, R. White, C. L. Racker, and L. Racker. Cars leave Cameron and Caldwell's stand at postoffice at 10.30 a.m.

BOUT WENT TO A DRAW

San Pedro, July 4.—Walter Hooper, lightweight of Butte, Mont., and Jimmie Hackley, of San Pedro, fought to a draw here to-night. In the semi-final, Sailor Masterino, 130-pounder of San Pedro, and Jack Carlson, of San Francisco, milled four rounds to a draw.

Sailors Will Play Final Soccer Game Here This Evening

The final football game in which the sailors from the Light Cruiser Squadron will participate in Victoria will be staged this evening at the Royal Athletic Park. The kick-off will be at 6.30 o'clock.

The sailors will battle between themselves. One team will be selected from the Delhi and Danae, while the other will be from the Dragon and Dauntless. The game should be very interesting and the proceeds will be devoted to the Jubilee Hospital to establish a memorial of the visit of the fleet to Victoria.

Last night a team from the Navy scored a 4-2 victory over Esquimalt at the Canteen grounds before a good crowd. Gardner scored three goals for the sailors, while Clarke got the fourth. John Watt added both tallies for Esquimalt.

C.P.R. Trounced Eagles, Cinching City Ball Title

Scored 8-6 Victory in Fast Game Last Night; Malcom Hurled Great Game

Railroaders Champions For Second Year; Winners Undeclared This Season

By defeating the Eagles last night by 8-6 at the Royal Athletic Park the C.P.R. cinched the amateur baseball championship of the city for this year. Last night's game was the best played this season and was full of thrills from start to finish. Although the Eagles tried hard to hand the railroaders their first defeat, they failed because they caught their opponents at the top of their form.

As a result of their win last night the C.P.R. have won the Peden cup for the second year and have also earned the right to represent Victoria in the British Columbia play-offs.

"Matty" Malcom, the big hurler from James Island, was on the mound for the railroaders. Only nine scattered hits were collected off him, while thirteen men were retired with three whiffs at the plate. Kerr, who started in the box for the lodgers, had an off night and was chased to the showers in the fifth inning in favor of Art Webster.

SCORING STARTS
In the first inning the Eagles started the ball rolling. Robinson singled and came home on Dunn's two-bagger to centre field.

The railroaders came right back and Falconer Campbell, lead-off man, sent a scorching single to left field. Campbell was sacrificed around to third and came home on Harry Copas' hit. With the bases full the lodgers got themselves out of a bad hole when Dunn pulled off a double-play and dropping a high fly.

In the third inning the railroaders went into lead, which they held for the remainder of the game. Whyte was Copas' singled. Brynjolfsson crossed the rubber on Turpel's single to centre field. In their half of the fourth it looked as if the C.P.R. would add a couple more runs to their total. With two men on, Jackson singled and scored on Minnie's double, but "Sheik" Robinson grabbed it off the boards and retired the side. It was a great catch, and the "Sheik" hand.

In the fifth frame the C.P.R. were good for another brace of counters. Richards drove a sizzling liner down the first base line that went for three bags, and scored on Minnie's double to centre. Minnie scored when Brynjolfsson did the sand dance on the easy ground. At this stage of the game Kerr was yanked in favor of Webster.

In the sixth the champs sneaked another run across the rubber. Richards, singled and came home on Minnie's clean hit to left field.

EAGLES' LAST STAND
Coming to bat in the eighth, five runs down, the feathered tribe staged a final rally that gave the fans plenty of excitement. Webster secured his second walk, and Jim Cummings was safe on a fielder's choice. Webster got to third on the play, and scoring when Brynjolfsson singled and Brynjolfsson fanned the next two men and Dunn made the third out on an easy grounder.

For the C.P.R. Richards was the heavy slugger, with a three-bagger, a double and single out of four trips to the plate. Turpel and Brynjolfsson, singled and came home on Webster's easy grounder. McGinnis, who was sent in to pinch-hit for Potts, singled over second base, and scored on Webster's easy grounder. Webster secured his second walk, and Jim Cummings was safe on a fielder's choice. Webster got to third on the play, and scoring when Brynjolfsson singled and Brynjolfsson fanned the next two men and Dunn made the third out on an easy grounder.

To-morrow the C.P.R. will make a trip to Port Angeles to play a game with the Washington Pulp and Paper team. The railroaders made a journey over to the American city on Friday.

TO-MORROW ON WAY TO BLIGHTY
Chicago, July 4.—Tommy Gibbons leaves here to-day with the New York Yankees for London to meet Jack Bloomfield in the Wembley Stadium on July 25. Gibbons' present plans call for his immediate return, but Kane will remain abroad about five weeks.

TWO TRACK MEN CANADA IS BANKING ON AT OLYMPIAD

JOHNNY CUTHBERT

CYRIL COAFFE

Canada is conceded a good chance in the sprints and the Marathon through the fact that it has two runners who have traveled over the distance in record-breaking time. Cuthbert, the Scotch youth from Guelph, will carry the Maple Leaf in the marathon. He can carry his speed over a long route and in action shows all the style of a sprinter. Coaffe is captain of the team and before moving to Chicago lived in Winnipeg. He is probably Canada's best man in the sprints, although he has been closely pressed by Hector, of Toronto, and Armstrong, of Winnipeg. He was at Antwerp in 1920 and since then has equalled the world's record of 2.3.5 seconds for the hundred yards.

July 1, but they went down to defeat and they intend to avenge their defeat to-morrow.

Campbell; base on balls off Malcolm, 4; Kerr, 6; Webster, 1; struck out, by Malcolm 13, by Kerr 2; Webster 6; double play, Dunn to Brynjolfsson; left on bases, Eagles 9, C.P.R. 9; 9 hits off Kerr in 4 innings; 4 hits off Webster in 3 innings; time of game 1 hour, 50 minutes. Umpire, Cy Milne.

Nanaimo Will See One Connaught Cup Game This Month

Vancouver, July 4.—Nanaimo will get one of the Connaught cup soccer playoff games between Cumberland and the Alberta winners, according to the latest announcement by John Russell, vice-president of the Dominion Football Association, who is handling the series.

The Friday night clash will take place at the Coal City on July 11, and the second tussle will be staged at Athletic Park, Vancouver, the following day.

TOM ON WAY TO BLIGHTY
Chicago, July 4.—Tommy Gibbons leaves here to-day with the New York Yankees for London to meet Jack Bloomfield in the Wembley Stadium on July 25. Gibbons' present plans call for his immediate return, but Kane will remain abroad about five weeks.

Coaffe to Meet American Flash In Opening Heat

Draw is Announced For First Races at Olympic Games; Canucks Doll Up

Paris, July 4.—Cyril Coaffe, crack Canadian sprinter, will meet Bayes Norton of Yale, in the opening 200 metre event of the Olympic track and field sports, according to the drawings announced yesterday.

Matthew Mann of Britain, the other outstanding British contender of that distance, will meet George Hill of the University of Pennsylvania, in the preliminary heat.

Harold M. Abrahams of Cambridge, leading British sprinter, is thought to be the opposition to Charlie Faddock in their 200 metre go.

In the 400 metre event, Dusan, the speedy South African, has drawn J. C. Taylor of New York, and Houghton of Great Britain, will race against Enck of Pennsylvania State.

These four are considered the pick of the field in their event.

The class of 1,500 metres is considered to be the Oxford men, Stalard and Dr. J. A. Lowe, who will race against Ray Buckner of Illinois and W. O. Spencer of Mississippi.

Paris, July 4.—The Canadian swimmers, wrestlers and oarsmen who will compete in the Olympic contests arrived in Paris yesterday from Cherbourg. To-morrow the Canadians will don uniforms of cream flannel trousers, blazers bordered with varsity blue and with maple leaf pockets. They will wear blue blouses in honor of the Prince of Wales, and straw hats with blue band and green leaf.

Manager P. J. Mulqueen said yesterday, "Win or lose, the Dominion expects her boys to dress well, act well and be silent salesmen of Canada at this great Olympiad."

St. Cloud, France, July 4.—The United States team loomed up as almost certain of the world's polo championship, by virtue of its defeat of Great Britain's Olympic team yesterday, 16-2.

The Americans proved themselves great mudders.

Paris, July 4.—The second stage of the all-British trials, in the 200 metres breast stroke for the American men swimmers brought John Farley, Illinois A.C., to the front. He swam the distance in 2 minutes 39 seconds. This was a second slower than

his mark of yesterday, when Ralph Breyer, Northwestern University, won in the first elimination and clinched his place in this Olympic event, but good enough to defeat Richard Howell, Northwestern University, who was clocked in 2 minutes 20.5 seconds, and Sam Kahanamoku in 2 minutes 31 seconds.

Three Indoor Ball Games on To-night

Three indoor baseball games are scheduled for this evening. The fixtures are as follows: Hillcrest vs. Tillicum at Central Park; Prior vs. Civil Service at Victoria West Park; Y.M.C.A. vs. Esquimalt at Macaulay Point.

In the game at Central Park the Hillcrests will be out to hand the Tillicums a defeat in order to remain in the running for the championship of the second half of the league. The last time these teams met the Tillicums won. At Victoria West the Civil Service will be playing their first game of the second half.

The Y.M.C.A. team will be the hosts of the Esquimalt nine and as the Esquimalt team is making a strong bid for the championship the "Y" boys will have a hard fight on their hands.

Westminster Beat Native Sons With Swift Longshots

Vancouver, July 4.—Long shots decided last night's senior lacrosse fracas in favor of New Westminster when the Royals took the Native Sons into camp by the score of 7-4 at Athletic Park.

Four of the seven counters marked up by the league leaders were made from long range, while the Sons had to their prettiest and work right in on top of the goal to grab their four goals.

Manager P. J. Mulqueen said yesterday, "Win or lose, the Dominion expects her boys to dress well, act well and be silent salesmen of Canada at this great Olympiad."

St. Cloud, France, July 4.—The United States team loomed up as almost certain of the world's polo championship, by virtue of its defeat of Great Britain's Olympic team yesterday, 16-2.

The Americans proved themselves great mudders.

Paris, July 4.—The second stage of the all-British trials, in the 200 metres breast stroke for the American men swimmers brought John Farley, Illinois A.C., to the front. He swam the distance in 2 minutes 39 seconds. This was a second slower than

Amateur Lacrosse In Ontario Dealt Very Serious Blow

Toronto, July 4.—St. Catharines, Ottawa Shamrocks and Mimico have to date dropped out of the race in the Ontario Amateur Lacrosse Association for various reasons, and the game has been struck a hard blow and the season practically wrecked.

AMERICAN GOLFERS WIN

Chantilly, France, July 4.—Walter Hagen, American holder of the British open golf title, and Gene Sarazen, American professional, yesterday won their thirty-six-hole, four-ball match with the French golfers Arnaud Massey and Jean Gassiat, two up and one to play.

Epinaud is Making Trip Across Ocean

Southampton, Eng., July 4.—Pierre Wertheimer's crack four-year-old Epinaud was shipped to the United States to-day on the Serengaria.

Seattle Sending Strong Net Team For Games Here

Leon de Turenne Leads Invaders Who Will Be Here To-morrow For Matches

Big Programme Has Been Arranged With Victoria Lawn Tennis Club Stars

One of the best series of tennis matches that has been arranged for the benefit of local followers of the game will be held at the Victoria Lawn Tennis Club to-morrow afternoon. A team of seven stars from the Seattle Lawn Tennis Club will be here to meet players from the local club. The first match will start at 2 o'clock.

The personnel of the teams will be as follows:
Seattle—Leon de Turenne, captain; Dwyer, Lewis, Dick Vandusen, W. H. Quinlan, R. Burr, Windy Langille and Lacy Hofna, secretary of the club.
Victoria—A. F. Garrett, captain; J. S. Proctor, M. Gordon, Eric McNeil, J. Cunningham, A. C. Brand, J. F. Meredith, A. H. McCallum and A. N. Robertson.

The draw for the singles and doubles has not been made as yet. It will not likely be made until to-morrow morning after the arrival of the Seattle team from Vancouver, where it is engaging in a series of matches to-day with the Vancouver Lawn Tennis Club.

LOOK FOR GOOD MATCHES
Some keen matches are anticipated. In Turenne, Seattle has the finest player in the Pacific Northwest, and he will more than likely find himself opposed by Proctor, the rangy youth of the Victoria club who has been coming to the fore very rapidly in recent years.

About six singles matches are planned while a number of doubles will be played. This will keep a number of courts in action all afternoon, and the spectators will be treated to some good tennis.

The Seattle club arranged this trip in order to repay visits made by Vancouver and Victoria clubs. The Starr-Raynolds trophy is at present held by the Seattle Club. It represents the club championship of the Pacific Northwest. Vancouver held it until last year, when it was won by the British Columbia towns who have to do some tall hustling if they wish to bring the trophy back to this side of the line.

Three Canadians And One Yankee Left In Running

Toronto, July 4.—Frank Thompson and Seymour Lyon of Toronto, Ross Somerville of London, Ontario, and Lauren Upon of Sacramento, Calif., yesterday won their way to the semi-finals for the Canadian amateur golf championship in the tournament over Rosedale course.

Frank Thompson triumphed over C. C. Fraser of Kanawaki, Montreal, four and three.

Seymour Lyon played his best of the year, and won from C. R. Greer of Mount Bruno, Montreal, two and one.

Ross Somerville, London, furnished the surprise of the day when he defeated Norman Scott of Mount Bruno, two and one.

Lauren Upon continued his progress toward the championship by winning from F. G. Heblitzel of Sarnia, five and four.

Seymour Lyon and Frank Thompson are drawn together in the upper semi-final to-morrow, while "Sandy" Somerville will attempt to turn back the United States invader when he encounters Fraser. This is the second time in the history of the event that an American has reached the semi-final round. In 1922, L. L. Brey, of Detroit, entered the semi-final round, but he was defeated in that round.

Washington's Dash Sensation of Race In Major Leagues

Senators Win Seventeen of Their Last Nineteen Games; Idle Yesterday

Drive Rivals That of Boston Braves in 1914; Yanks Beaten by Athletics

New York, July 4.—Washington's dash in the American League has developed a speed which may rival that of Boston in 1914 when the Braves leaped from last place in mid-season to a National League pennant and a world's championship.

The Senators have won seventeen of their last nineteen games. They were idle yesterday. During the season many clubs have made spurts, but faltered, however, the Senators have picked up speed. Thirteen contests have been won and two lost in the last eleven days.

The biggest improvement has been among the pitchers as ordinary hurriers of other years have become stars overnight. With the Senators three and a half games ahead, the next six clubs continue in a jumping-jack performance from second place to seventh.

Detroit is second while the Yankees are third with Cleveland fourth. The Boston Red Sox who made such a formidable start have slipped to seventh place, but even if they are only nine games in rear of Washington.

AMERICAN LEAGUE
Detroit, July 4.—Combining four hits with an error, Chicago scored four runs in the second inning yesterday when the White Sox winning from Detroit, 7 to 3. Hellmuth hit a homer in the first inning.

Chicago..... R. H. E.
Detroit..... 7 13 0
Batteries—Thurston and Crouse;
Davis, Holloway, Code and Bessler.

ATLETICS BEAT YANKS
Philadelphia, July 4.—Philadelphia obtained an even break on the six-game series with the New York Yankees by taking the final game here yesterday, 10 to 5. Babe Ruth hit his twenty-first circuit clout of the season in the eighth, with one on base, and Ward sent one into the stands in the ninth.

New York..... R. H. E.
Philadelphia..... 10 14 3
Batteries—Pipgras, Gaston and Schang; Hofmann, Gray and Perkins.

BROWNS SLUG AND WIN
Cleveland, July 4.—St. Louis ended the series with Cleveland yesterday by winning 16 to 10. The Browns drove Smith from the box in the sixth and scored seven more off Roy and Clark in the eighth.

St. Louis..... R. H. E.
Cleveland..... 16 19 2
Batteries—Shotton and Severed; Smith, Roy, Clark and Myatt.

NATIONAL LEAGUE
Chicago, July 4.—After Cincinnati had tied the score in the first half of the ninth in yesterday's game, a wild throw by Roush in Chicago's half permitted Friberg to score from third, where he had landed on Grigory's two-bagger, giving Chicago the game, 4 to 3.

Cincinnati..... R. H. E.
Chicago..... 3 8 0
Batteries—Brimes and Wingo; Sandberg, Kauffman and O'Farrell.

BROOKLYN WINS CLOSE ONE
Brooklyn, July 4.—Grimes pitched the hard-hitting Brooklyn team to a six to five victory over Boston yesterday. Johnston's play was the key.

Cycling Safer Than Walking

A CHILD who suddenly darts out from the sidewalk into the road in a game of tag, or one who jumps from behind a standing vehicle, is far more likely to be run down by a motor car than a child on a bicycle.

In fact, Police Statistics show that cycling is safer than walking both for adults and for children. Take the City of Toronto, for example, where the traffic is as heavy and congested as in any place in Canada. The carefully kept records of the Toronto Police Department show that out of a total of 2,199 accidents of various kinds in 1923, cyclists were only involved in 27, all of which were cases of collisions of cyclists and pedestrians. There were practically no accidents between motorists and cyclists. Cycling in smaller cities and in the country is even safer than in Toronto.

There are good reasons why Cycling is Safe.

A child on a bicycle has his attention on riding and watches traffic closely. A child on the sidewalk is very likely to engage in some game that makes him forget himself and run carelessly out into the path of motor cars.

Adults or children unexpectedly step off the curb—or suddenly cross the street between blocks—or dodge out from behind street cars or vehicles, and are hard for a motorist to avoid.

A cyclist, child or adult, that uses ordinary care and observes the rules of the road is safer on a bicycle than on foot. He is more easily seen by the motorist than a person on foot.

Put your children on quick, nimble C.C.M. Bicycles, that steer easily, stop quickly and get under way rapidly. Have them Cycle to School.

Ride a bicycle yourself. Cycling is the Safe, Quick and Economical way to ride to work.

Drop into the C.C.M. dealer's and see the new models for men, women boys and girls—including the Curved Bar Model, the bicycle the boy won't outgrow.

Selling this season at \$15 to \$20 less than the "peak" prices. A Big Dollar's Worth of value for every dollar you invest in a C.C.M.

Grade 5 — Mildred Hamilton, Ivan Randall, Ernest Styan, Mary Stokes, Morris Kersey, Alice Styan, Maurice Punt, Claude Butler, George McCarthy, Vincent Butler, Fred Handy, Wong Chok On.

Division 2, Grade 4 — Laura Gale, Maud Cuthbert, Viola Hamilton, Gannad Sherring, Dorothy Woods, Betty Simpson, David Polson, Wong Chok Chew, Bernice Handy.

Grade 3 — Vera Handy, Florence Anderson, Roy Cuthbert, Dennis Styan.

Grade 2 — Russell Punt, Muscular movement certificate — Lois Spooner, Eva McCarthy, Sylvia Wright, George Polson, Winnie Polson, Eric Butler.

Grade 1 — Arm movement certificate, Lloyd Gale, Betty Young, Karl Anderson Young, Aileen Book, Douglas Beaumont, Moore Ferguson, Stewart Anderson, Albert McCarthy.

ANNUAL PICNIC

The annual Church and Sunday School picnic of the First Congregational Church was held on Dominion Day at the Elk Lake Athletic Association's grounds at north end of Elk Lake. Buses left the church promptly at 9 o'clock, and after a fine drive up the Saanich Peninsula the party arrived at the picnic grounds. Swimming, diving, games, etc., were indulged in until noon, when lunch was served under the inviting shade of the many trees on the lake shore. After lunch the Um Tombis took charge of the sports programme, under the capable leadership of H. H. Masters. The races for the children were keenly contested. Ice cream, lemonade and candy were much in evidence throughout the day. A motorboat hired for the day delighted the younger children. The picnic proved a great success and the picnickers reluctantly returned tired but happy.

CHURCH PICNIC

Saviour's Church and Sunday School picnic will be held Saturday, July 6, at Mount Douglas Park. Automobiles will leave the church at 1:30 and 2:15 p.m.

Immigration Law of 1919 Now Being Changed at Ottawa

Ottawa, July 4.—Canada's policy towards "red" immigrants was discussed in the House of Commons last night.

Following the Winnipeg strike of 1919, rigid changes were made in the Immigration Act in regard to the admission of persons seeking to overthrow constituted authority by force. A Government bill brought to the committee stage last night modifies the 1919 legislation to some extent. J. S. Woodsworth, Labor, Centre Winnipeg, said the amendments proposed were an attempt to get rid of

some of the "vicious legislation" of 1919, but they did not go far enough. Hon. J. A. Robb, Minister of Immigration, argued that immigrants accused of holding views opposed to the social code of the country were not, under the bill, deprived of a fair trial, but he did not think trial in the ordinary courts necessary.

CHINESE SAILORS

Incidentally the question was raised of Chinese employed in ships owned by the British Empire Steel Corporation. Mr. Robb contending the men had not been admitted to Canada, but were on the seas.

Hon. Hugh Guthrie, former Solicitor-General, urged that Canada should take advantage of the severe immigration laws of the United States and select the best of the European immigrants. The bill was put through the committee stage after prolonged discussion and stands for third reading.

A. W. Neill, Independent, Comox-Alberni, brought up the subject of Chinese immigration. There was nothing, he said, to prevent the Chinese Exclusion Act being disregarded and permits authorized in that act being issued to Chinese for indefinite residence in Canada. He moved an amendment, which was defeated, limiting the time for which the Minister might extend the residence of temporary residents of Canada to six months.

Goodyear Does It Again!

The story of a sensational improvement in tire-making, of greatest economic interest to every car owner

YOU probably know that the modern, low-pressure balloon tire is made with thinner sidewalls and greater flexibility than other tires.

These characteristics involve new problems in design, and important special requirements in materials.

The most essential requirement of the successful balloon tire is a new kind of cord fabric, of extreme elasticity and endurance.

No ordinary cord fabric can withstand the balloon tire's continuous and repeated flexing, and at the same time victoriously resist severe road-shocks.

In its laboratories and its own cotton mills Goodyear has solved this urgent problem—by perfecting a remarkable and exclusive cord fabric called SUPERTWIST.

Tests made with tires embodying this new material, showed that a carcass made of SUPERTWIST delivered more than 100% greater service than a carcass containing an equal number of plies of standard cord fabric.

In other words, it was demonstrated in these tests that, ply for ply, Goodyear SUPERTWIST cord fabric literally doubled the carcass life of the tire.

Certainly this justifies the belief that no greater contribution to the art of tire-building than SUPERTWIST has been recorded since the introduction of the cord tire itself.

The superiority of Goodyear SUPERTWIST is due to its greater elasticity and power to flex, with consequent wider distribution of shock and greater freedom from stone-bruise and like injuries.

This incomparable material is now used in regular Goodyear production and is built into all Goodyear Balloon Tires—to fit new wheels, or the wheels now on your car.

For Goodyear Balloon Tires to fit your present wheels, see the Goodyear Selected Dealer. Regarding new, smaller wheels and rims, with Goodyear Balloon Tires, see the Goodyear Selected Dealer, your car dealer or the nearest Goodyear Branch.

HONORS COURT POET.—Robert Brydges, poet laureate of England, received the degree of Doctor of Letters at this year's commencement exercises at the University of Michigan. From left to right are Dr. Brydges; Benjamin Hanchett, Grand Rapids, Mich., a regent of the university; Miss Bina M. West, Port Huron, Mich., founder and supreme commander of the Woman's Benefit Association of the Maccabees, upon whom the honorary degree of Master of Arts was conferred, and Miss Jean Hamilton, dean of the University.

TORONTO GIRL WITH MILLIONAIRE'S DAUGHTERS.—Young leaders of society believe every woman, regardless of her wealth or position, should have a practical vocation. Mrs. Gloria Gould Bishop, daughter of the late George Jay Gould, forsakes the gaities of Newport and Southampton and enrolls in a special normal course for dancing teachers at the Chalf School. Later in the Fall she will open her own dancing class. Mrs. Bishop has studied dancing for ten years under the direction of Louis H. Chalf, and has appeared in numerous junior league and other charitable entertainments. Photo shows a millionaire dancing group who are studying to be teachers. Left to right: Francis Chalf, New York; Verna Watson, Toronto, Canada; Mrs. Gloria Gould Bishop, New York; Margaret Montgomery, Trenton, N.J.; and Ada Barker, New York.

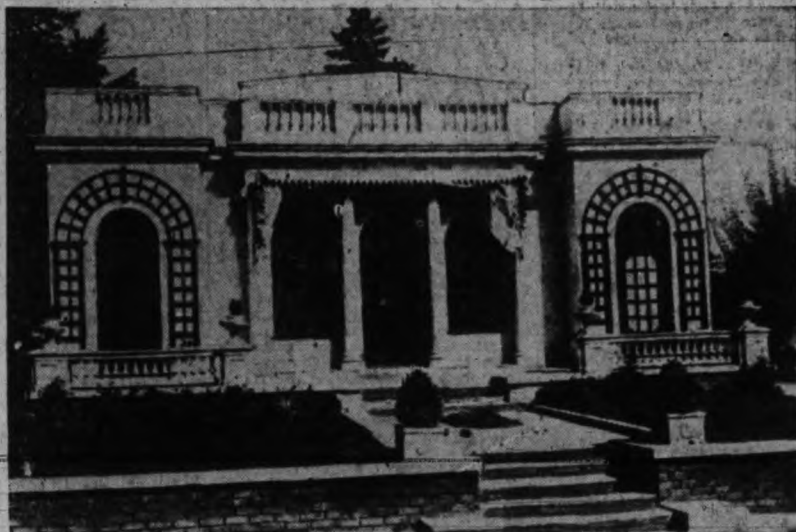

INTRODUCING AERIAL PULLMAN.—The aerial Pullman is here! A cabin plane, equipped with all the comforts of home, has been tested out at McCook Field, Dayton, and found "airworthy." It has accommodations for eight passengers. There are sleeping and eating quarters, shower baths—even poker tables in it. And in time of war it can easily be used as an ammunition transport. The ship can attain a speed of 140 miles an hour.

SCHOOL DAYS

Copyright, 1924, by
The McClure Newspaper Syndicate

By DWIG

YOU'D NEVER GUESS WHAT THIS IS.—This looks like an exclusive clubhouse, but it's really a grocery store, located in Irvington, an exclusive residential section of Portland, Oregon. When Irvington residents first heard that a grocery store was being built in their midst they wrathfully swore to boycott it, but they changed their minds when this lovely, white stucco Italian villa, decorated with trellises of roses and set back of a broad, green lawn, arose, and now the firm of Schaler and Vinton is doing a record business. A neat driveway runs around to the rear door, where the delivery trucks are loaded, while there is no sign or other indication of business in front.

CANADIAN OLYMPIC ATHLETES AT MONTREAL TRIALS.—From left to right: Ed Rae, Hamilton Y.M.C.A., Canadian five-mile champion; G. Hester, Toronto, 100 and 200 yards entry; J. Hawbolt, Westville, N.S., 5 and 10,000-metre entry; Capt. Cornelius, Canadian Olympic coach; L. Armstrong, Winnipeg, sixty-yard, joint holder of world's record; Dr. C. Hay, Victoria, B.C., 120-yards entry. Hester and Armstrong were two of the selections of the committee to make the trip to Paris.

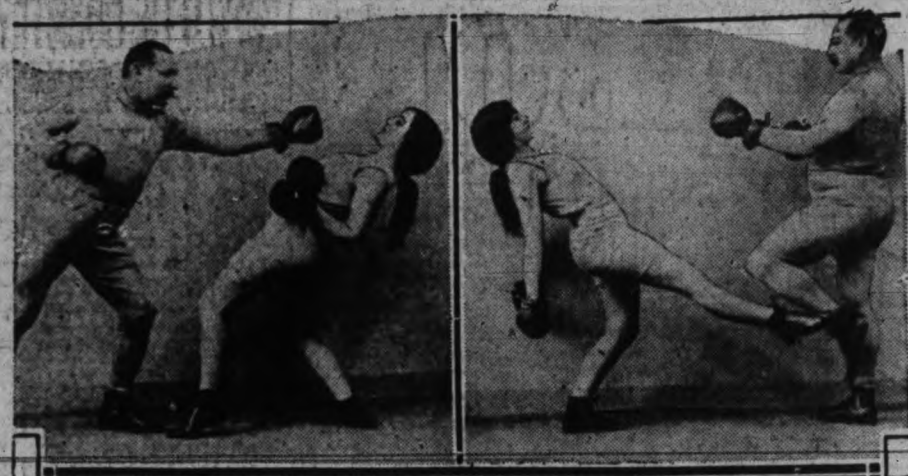

HUBBY'S PROTEST.—Randolph G. Page, thirty, air mail pilot, flying between Chicago and Omaha, has started a "back to the hair" movement. His wife had her hair bobbed. "All right, I'll grow a beard so long I can tuck it in my overshoes," said Page. He declares he won't touch a razor until Mrs. Page decides to wear her hair long again.

WANTS FREE EGYPT.—Zakioul Pasha, aged premier of Egypt, Nationalist leader and one-time political "martyr" who is going to London this Summer to demand greater independence for Egypt, coupled with withdrawal of all Imperial troops.

ALMOST HUMAN.—John Daniel H. of the Coast, the most talked-of and only gorilla in captivity, in the arms of Miss Alyce Cunningham, who is conducting one of the most interesting scientific experiments in attempting to see how far he can be civilized.

THE WOMANLY ART INCLUDES A KICK.—Husbands and bandits over in Paris will buy shin-guards if they are wise. For the women have taken up boxing. They are following the French rules of a quarter century ago, under which they can swing feet as well as hands. Mlle. Holz, foremost woman boxer in France, posed for this picture, showing how a woman can subdue a heavier opponent.

GREEK SAMSON.—Gus Lessis, the Greek strong man of New York, who bends iron bars in his teeth and holds up great rocks to be split by sledge hammers.

NO SYMPATHY.—Richard Loeb, Chicago, one of the confessed slayers of fourteen-year-old Robert Franks, can hope for no sympathy from his first cousin, Moritz J. Loeb. For Moritz is business manager of a Chicago communist newspaper that is crying for "justice" in the case. "Capitalistic justice is blind, yes, blind, to the crimes of the rich," the paper says.

MARY TRAINS.—Mary Garden is taking the part of a sixteen-year-old girl in one of her operas next season, according to reports from Paris. So she is getting in trim now. She spends at least an hour on the tennis courts daily at her Summer home near Monte Carlo. And never a day goes by but what she takes a little plunge in her own swimming pool.

CYRIL WALKER, GOLF CHAMPION, IN ACTION.—Here is an "international actiongraph" showing Cyril Walker, the new national open golf champion, driving off. Walker, a midget of the links, is said to be one of the slowest players in competition, and is the professional at the Englewood, N.J., club. The action here starts with the three "clips" at the left and is completed by the three at the right.

THEY'RE HUNTING BURIED GOLD!—They're fishing for gold again in San Francisco's Golden Gate. Government divers are making another attempt—the first since 1907—to find the wreck, age of the steamer Rio De Janeiro. She was carrying \$1,400,000 in gold when she went down in 1901, with a loss of life of 169. This photo shows Idwal Erickson, diver from the Mary Island Navy Yard, coming up after a prolonged search beneath the water.

WAS PRIZE BEAUTY.—Ever wonder what happens to girls who win beauty contests? Edith May Leutenberger of Monroe, Wis., won the national salesgirl beauty contest three years ago. She joined Ziegfeld's Follies for a short time, but soon returned to Monroe. Now she has married. Her husband is Harry E. Scheberle, bookkeeper in one of the many Swiss cheese factories near Monroe.

THIS IS INTERESTING

VERY LARGE LIVING-ROOM, 2 cozy bedrooms, Dutch kitchen, scullery, sunroom make up one of the most charming and attractive little homes that we have on our lots. This bungalow is only 17 years old and is in first-class condition throughout. In the living-room there is a 6 ft. pressed brick fireplace, beautiful built-in buffet, leaded glass windows and oil painted walls and ceiling. The bedrooms are nicely papered and tiled and have roomy closets. The kitchen is finished in white enamel and has all kinds of labor-saving devices. Stationary tubs in the scullery. Large, well-built garage for 2 cars, with cement runway.

Really a lovely little home and upon inspection you will agree that it is an exceptionally good buy at

ONLY \$2,500. ON TERMS

SWINERTON & MUNGRAVE
610 Port Street

It is said that opportunity knocks at our door at least once during our lives. Here is yours. Cozy and exceptionally well-built bungalow containing four rooms. It has built-in living-room with open fireplace, arch to dining-room which has built-in alcove, scullery, etc.; full sized concrete basement, hot water heating, laundry, etc. Large rear garden, moderate "fruit" trees. The purchase price includes all blinds and electric fixtures.

Price only \$2,500

ISLAND INDUSTRY SECURES ORDERS

Whalen Pulp Mill at Alice Arm Will Reopen For Production

Vancouver, July 4.—G. F. Gyles, deputy receiver for the Whalen Pulp and Paper Mills Limited, announced yesterday that the pulp and paper mills at Port Alice were reopened to-day after being closed down for over four months. Three hundred men will be employed at the plant, which will have a daily output of eighty tons, or approximately 2,000 tons a month. Definite orders have been secured from the United States, Japan, and to a smaller extent, in Australia, which will keep the mills in continuous operation until the end of the year at least.

DRESS All Your CUTS & SORES WITH ANTISEPTIC Zam-Buk

A vigorous policy of expansion and development is planned by the company, it is understood. About \$1,500,000 is to be invested in the installation of a new power plant which will involve the building of a tunnel through the mountains to Victoria Lake, near Quatsino Sound. Water rights to Victoria, Elk and Kathleen lakes have been secured by the company.

Construction of the new road from Coal Harbor to Hardy Bay will be of great assistance to the company in its operations. This road is to be finished this year, only two and a half miles remaining to be constructed. Gangs of men are working on the project now.

The meeting was to consider financial matters, chiefly an item for \$4,000 in the extraordinary estimates of the School Board. The sum was asked by the board to defray the cost of acquiring sixty desks and other school furniture as well as some repairs to buildings.

After considerable discussion the

The WEATHER
Daily Bulletin Published by the Victoria Meteorological Department.

Victoria, July 4.—5 a.m.—The barometer remains high on the Coast and fine, warm weather is general, while the temperatures are moderating a little in the interior. Fine, warm weather prevails in the prairies.

Reports
Victoria—Barometer, 30.02; temperature, maximum yesterday, 63; minimum, 50; wind, 4 miles S.W.; weather, clear.
Vancouver—Barometer, 30.02; temperature, maximum yesterday, 76; minimum, 54; wind, 4 miles W.; weather, clear.

BREWERS OF WINE BEGIN FIRST WORK OF SEASON TO-DAY

Presses Roll on Fine Fresh Loganberries; 20,000 Gallons to be Made

A total of one-quarter of the full production of loganberries of Vancouver Island is the expected demand of the Growers' Wine Company, whose presses were started to-day, for the first time this season. There is a bright prospect of success looming ahead of the industry, and both the wine manufacturers and the growers of logans in this vicinity are pleased with the outlook.

"Vin Soliel" is the name of this wine.

Orders now require that the company manufacture fifty tons of berries into 20,000 gallons of wine this season. Last year the output was only 7,500 gallons.

It was largely due to F. A. Pauline, past member for Saanich in the Provincial Legislature, that the industry came into being. He it was who secured Government assistance for the growers and manufacturers.

With the manufacture of fifty tons of berries, thirty tons of sugar is also required. The work will continue in the old Hudson's Bay Company warehouse on Wharf Street, where the finest conditions for the maturing of wines exist, as the warehouse was built for that very purpose.

Meanwhile, the manufacturers are having their present supply of wine rapidly exhausted by the demands of the Provincial Liquor Board.

Approximately 5,000 gallons have been sold in the past six months by the company, and they have only a few more in storage. Hence, until they have got a supply ahead, they will not attempt to market their product into outside markets.

The directors of the Growers' Wine Company have been elected for the year as follows: Chairman, Henry Mitchell; board members, H. E. Tanner, Clarence Ordfield, J. H. Gillespie, N. H. Lamont, manager and Major George, secretary.

COUNCIL PARES SLICE FROM BOARD

Sum of \$4,000 Asked For Extraordinary Estimates Wiped Out

Councillor-elect H. L. N. Edwards, completing the formalities in connection with taking his oath of office, was welcomed by the Oak Bay Council in session last night, taking the seat of the late Councillor Cecil H. Johnson.

The meeting was to consider financial matters, chiefly an item for \$4,000 in the extraordinary estimates of the School Board. The sum was asked by the board to defray the cost of acquiring sixty desks and other school furniture as well as some repairs to buildings.

After considerable discussion the

MEMORIAL AVENUE MAKES PROGRESS

Victoria-Saanich Beaches And Parks Committee Meets

Some Improvements to be Done at Beaver Lake

A maximum expenditure at this time of \$1,200, of which much has already been expended was determined for Memorial Avenue by the Victoria-Saanich Beaches and Parks committee yesterday afternoon, the balance to be retained until more satisfactory work can be done in the Fall. It was stated by R. H. F. Sewell, treasurer of the fund, that the necessary grading had been done, and that it would be in good condition for planting with the Autumnal rains.

BEAVER LAKE

Recognising the importance of making some provision for the increasing number of picnic parties who are using the filter beds at Beaver Lake for various sporting contests, the committee resolved to have them cleaned out. In the case of the sandy stretches used as a running track, it was suggested that the city engineer should be asked what steps could be taken to bind the material together.

Mr. Preston said he doubted if it could be done with oil, as Reeve Macneil suggested to him; but said he would experiment. He was of the opinion to make a satisfactory foundation that the whole of the material would want removal, and substituting with some other substance.

CORDOVA BAY

Resignation of the caretaker at Cordova Bay was received, and the matter left with Reeve Macneil, as chairman, to make another appointment.

ACCOUNTS

The accounts of the committee for the year-to-date were scrutinized, and on the motion of Alderman Todd, seconded by Councillor Hagen, of Saanich, were approved. They indicated that almost all the work ordered when the committee made its inspection had been carried out, and the expenditure had been kept well within estimate, except in the instances of two or three charges for hauling, which were laid over for further examination. The bathing pavilion at Cordova Bay, Mr. Sewell reported, is now protected by fire insurance.

The committee seemed well satisfied with the amount of patronage accorded the numerous properties under their control, and learned that the holiday crowds of Tuesday had conducted themselves with less damage to property and shrubbery than is usually the case.

LUTHERANS MEET

Port Arthur, Ont., July 4.—With 100 delegates from all parts of Canada and the United States, and including six who came direct from Finland, the twenty-sixth annual convention of the Finnish Evangelical Lutheran National Church of America is in progress. It will continue until Sunday.

Transcontinental Train Service—Coast Steamship Service—The Continental Limited, electric-lighted, all-steel train leaves Vancouver at 5:50 p.m. daily, and runs through to Montreal, serving all large centres. Sa. Prince Rupert or Prince George leaves Vancouver Monday, Wednesday and Saturday for Prince Rupert; the Monday boat also making the Anxox call and the Wednesday boat making the Stewart call. Rail connections at Prince Rupert daily except Sunday for Jasper, National Park and eastern points. Tickets reduced and baggage checked through from Victoria.

SCOUT CYCLISTS WILL TOUR ISLAND

Picked Troop of Victoria and District Scouts Will Visit All Units

Wednesday, July 9, is the day set for the departure of the special troop of Boy Scouts on their tour of the island. Their arrival is largely looked forward to by all up-island scouts, and great preparations are being made for their entertainment. At all points camps with the local troop will be made and a demonstration arranged.

At Ladysmith and Cumberland special services will be held on the two Sundays by scoutmasters the Rev. William Leveridge and scoutmaster, the Rev. F. L. Stephenson.

The personnel of the troop is as follows: Assistant District Commissioner H. T. Ravenhill as scoutmaster, P. L. S. Stark Miller and Crawford of St. Mary's Troop, P. L. White of James Bay, P. L. Walsh of Fairfield, and P. L. S. Archibald and Deans of Coblegate School, also from Sidney Troop, P. L. Donald Macdonald and another scout.

The special troop and their scout-

Big Savings for Saturday Shoppers

master were guests of the Sidney Troop at a two-days' camp last week-end, held at the home of Scoutmaster Goddard on Roberts Bay. A number of Sidney people were interested on-lookers at the jolly campfire sing-song held on Saturday evening.

Victoria scouts have greatly enjoyed the privilege of billeting up-island scouts these past two week-ends during the stay of the fleet in port. On Tuesday of this week the Ladysmith Troop, a number from Victoria, and others from up-island went on board H.M.S. Dauntless, and while the scouts were delightfully entertained by the officer of the day, and the midshipman of the watch, scouts and cubs were shown over the

ship by men detailed for that purpose.

S. M. Douglas Southworth, C. M. Sheldon-Williams, P. L. Miller and Scouts Rose and Sheldon-Williams are returning this week-end from camp at Keatings. During his stay at Keatings P. L. Jack Miller accomplished the feat of swimming across Elk Lake, a distance end-and-a-half miles.

Cubbers wound up their season with a jolly camp fire at Fairfield camp site, corner of Bay and Fin-perry Roads, Cubmaster Cecil Framp-ton was M. C., and C. M. S. Hilliard and Tolson were responsible for the delicious supper. Guests present were Commissioner Scott of Glasgow, a number of scoutmasters and P. L. Vera Mursant of 1st Esquimalt Guides.

"This Place Has Been a Godsend to Me"

"Hot's Great!"

This is how a woman with a large family expressed herself to one of our clerks: "I've never been to this place before—but I'm coming again." I've always been satisfied. "I've just got to come here, I can't afford to go elsewhere. "I find I can save a lot of money dealing here."

THE ABOVE ARE SOME OF THE COMPLIMENTS OFFERED DAILY BY PATRONS WHO KNOW BY EXPERIENCE, THE MEANING OF

WHOLESALE PRICES

Men's Negligee Shirts. If you know a bargain when you see one, come and see our Men's Negligee Shirts, hundreds to choose from, in leading brands—"Tooke," "Berkeley," "Paragon," "Electric," etc. We sell shirts made from reliable material, not mosquito netting, and we will replace any shirt not giving satisfaction. See them, examine them, feel them; but if you want 75c to \$1.98 to try them on, wait until you get home. 75c to \$1.98

The Bachelors' Friend.
Men's Cotton Socks, in black or tan. They buy them in a dozen at a time and say, "Why wash socks?" Sizes 9 1/2 to 11. Regular price 30c, for 17c
"They are wonderful! I'll take another half a dozen pair." This is how a gentleman expressed himself after having tried a pair of our Men's Silk Hose being sold at half price. Black or tan, sizes 9 1/2 to 11. Regular price 85c, for 39c

Painters' Whitewashers' and Bug Blinders!
Ye Knights of the Brush, we want to TELL you that we are selling Painters' Overalls or Coats at \$1.10 you understand—One dollar and ten cents each, not per dozen—the CHEAPEST wearing apparel worn by any tradesman; yet, sad to say, brings forth the biggest kick. Now ABSORB this you modern Michael Angelos, we rob you of so much money selling these Bohemian Robes that it puts an Oily Taste in Our Mouths to admit it, but it is the UNVARNISHED truth that they cost \$12.50 per dozen at the factory, or approximately \$1.65 each, so that when you have BRUSHED away one hour of overtime PRIMING us with the low prices, you can get them at elsewhere, at the same time slathering them with a mixture of pigment from your boots whilst trying them on, please remember when next you are laying the PAINT on wrong side up, that we have exploited you of the magnificent sum of one nickel and swear to yourself—not to us.

Rubbers! Rubbers!
You won't buy rotten fish; you won't buy rotten eggs; you won't buy sour milk, but you never ask the age of Rubbers you buy. Don't you know that rubber perishes with age. Our Rubber Footwear is new, direct from the mills, at less than the price you pay elsewhere for rubbish.

A big stock of big bargains.
Fifteen Different Styles.
